EAST LIVERPOOL REVIEW

HOME EDITION

Complete News Coverage of Wellsville, Midland, Chester and Newell

VOL. 72. NO. 286 | The Associated Press, United Press, International News, Brush-Moore State Service | EAST LIVERPOOL, OHIO, TUESDAY, SEPTEMBER 25, 1951. | 18 PAGES | 5 CENTS

One In Every Four Unregistered

Will You Be Able To Vote On Nov. 6?

(An Editorial)

This is a voting scene—a faked voting scene.

But yet it's real.

The woman in the center is kept out of the booth by a chain—a chain she placed there herself.

She didn't register. She didn't take the two minutes it requires to drop in at the Election Board in the basement of City Hall, answer about three questions, and sign her name.

So, when voting time comes, she won't be able to vote. Other people will decide for her. Other people will make up her mind who shall be mayor, whether we shall have new schools, whether the county shall build a hospital at the County Home, who shall speak for her in Council. Next year, other people will decide who shall be President.

And she has lots of company. One in every four adults who live in East Liverpool are unregistered. They have done what she has done—turned over their decisions to others.

The great majority of these unregistered are women. The men are more particular about who makes their decisions. They register. That's why the two people shown in the booths are men. It isn't their nature to let others make up their minds on such matters.

Women make about 80 per cent of the rest of the decisions—what clothes the family shall wear, what food it shall eat, what furniture, what kind of rug, what kind of lights.

But on what kind of government, or what kind of schools, they pass.

One of the fundamental gifts of a free country—the ballot—they ignore.

In many countries, where they can't vote, the chain would be real. Here, where they can, they don't.

There is only one more day to register. The Election Board will be open from 9 tomorrow morning until 9 tomorrow night. After that, the books are closed.

A picture of a chain across a voting booth isn't pretty in America. But, like everything else, only the people can put it there—by failing to exercise their citizenship.

Allies Would Talk Despite Red Walkout

Ask Another Meeting Tonight After Foes Stalk Out Of Room

TOKYO, Sept. 25 (AP)—Communist officers angrily stalked out of a meeting today at Kaesong, but General Matthew B. Ridgway asked them to return tomorrow for another try at reviving the stalled Korean truce talks.

The Reds walked out when Allied liaison officers insisted on discussing conditions under which the truce talks could be resumed.

The Communists wanted to get the truce talks going right away. But they demanded that the first session be given over to plans for processing a string of charges that the Allies had violated the neutrality of Kaesong.

Eight and a half hours after the Reds stalked out of the Tuesday morning meeting, an Allied officer left the advance camp at Munsan with a message for the Reds.

He made the extraordinary night flight to Panmunjom, near Kaesong, by helicopter.

The message, signed by the senior Allied liaison officer, Colonel Andrew J. Kinney, under instructions from Ridgway, said:

"Despite your unilateral action in recessing the meeting today and your abrupt departure therefrom, I am prepared to meet with you tomorrow at 10 a. m. (9 tonight, East Liverpool time) to discuss conditions mutually satisfactory for resumption of the Armistice talks."

The talks have been stalled 33 days.

That word "conditions" left the situation just where it was when the Reds walked out of Tuesday's meeting.

The tense, 50-minute session ended with explosive suddenness.

Kinney had proposed that both sides discuss conditions which would guarantee uninterrupted talks by the negotiators.

Chinese Red Colonel Chang Chun-san flatly rejected the suggestion, said the meeting was ended and headed for the door.

The belief prevailed at Allied headquarters that the Communist walkout did not signal a complete breakdown of the stalled truce talks.

A source pointed out that a final breakoff could be called only by the highest levels of the Red or Allied commands—not by liaison officers.

The Reds broke off the higher level cease-fire talks Aug. 23 after charging that an Allied plane bombed the Kaesong neutral zone the night before. The Allies investigated and denied the charge.

The Red high command had tried in vain to resume Tuesday the full-dress armistice discussions instead of the liaison talks.

But the move was saddled with a provision that the first session set up machinery to deal with a long list of Red charges, already denied by the Allies.

West Seventh Selected For Grade School

ALL SMILES. Appointed commander of land forces of the Allied armies in Europe, General Alphonse Juin (right), 62, one of the most brilliant soldiers of France, was welcomed in Paris by General of the Army Dwight D. Eisenhower. The French general was French president general of Morocco.

Board Picks Site For 3rd New Building

24-Room Elementary Structure Proposed If Bond Issue Passes

A West Seventh St. site was selected by the Board of Education Monday night for the proposed 24-room elementary school to be erected if the $2,725,000 bond issue is approved Nov. 6.

The site takes in about 10 pieces of property, and is bounded on the East by Jackson Square, on the South by Seventh St., on the West by a private alley occupied by the church of Jehovah's Witnesses, on the North by Webber Way and at the Northeast by a two-story apartment house facing Baum St.

Thirteen houses, the Friendship Gospel Tabernacle, a grocery, three or four garages and several smaller buildings occupy the land. It also takes in a vacant tract overlooking Webber Way, which once was occupied by the old R. Thomas & Sons factory, razed about 25 years ago.

No figures on the cost of the property were given by the board. A committee from the East Liverpool Real Estate Association reported it contacted all the property owners but that no efforts were made to secure options.

The committee said all but one were "co-operative". Three or four said they did not wish to sell but would "not oppose" the plan because it is to be used for school purposes.

One owner declined to discuss the sale of his home.

The site has a frontage of about 290 feet on Seventh St. from Jackson Square to and including the old Thomas home, last occupied by the late Frank M. Gardner, but now vacant. It is about 213 feet deep on the West and slightly more than that on the Eastern end next to the square.

The board did not include the eight-apartment building at 301 Baum St. in the proposed location. The real estate men said they had not contacted the owner of the building, a Clarkson man.

To make use of this tract, closing of Baum St. for the entire length of the property would be necessary. However, as the deal would include property on both sides of the street, no difficulty is anticipated on this point.

The board expressed the opinion that only a small part of Baum is a public thoroughfare because for many years, even after the R. Thomas & Sons factory was razed, gates at both ends closed the street.

The section which lies North of Baum and overlooks Webber Way is owned by A. E. Webber, former operator of the Crockery City Ice & Products Co.

A large section of this property was purchased by the county when Webber Way was extended from West Eighth St. to Dresden Ave.

Spokesmen for Webber informed the real estate men a prospect approached him recently to purchase the site for a warehouse.

However, because of the school proposal, negotiations will be abandoned until the fate of the bond issue is known.

The real estate representatives at the meeting were John Charlton, C. W. Hendershot and Russ Pepin. Hendershot said the committee recommended the Seventh St. property as the best land.

With this action, the board has

10 Enemy Jets Hit In Longest Battle Of War

U.N. Troops Capture Strategic Peak Near 'Heartbreak Ridge'

KOREA, Sept. 25 (AP)—American F-86 Sabers today won the longest jet battle in history.

They shot down five Communist MIG-15's and damaged five in a 35-minute fight in "MIG Alley" over northwest Korea.

The fight roared from 35,000 feet to ground level. It produced the biggest one-day bag of Russian-type MIG-15's since April 12, when U. S. pilots shot down four, probably destroyed two and damaged 14.

The fight was not only the longest, but also one of the biggest jet battles of the war. It involved 117 planes—37 Sabers against 80 MIG's.

The Sabers were led by America's top ace, Colonel Francis S. Gabreski of Oil City, Pa. He was credited with damaging one Red plane.

On the ground, United Nations troops Tuesday captured a commanding peak west of "Heartbreak Ridge" on the rugged eastern Korean front.

The mountain, like the ridge the Allies want so badly looks down on a Communist supply and assembly base.

A U.N. unit battled to the mountain top, northwest of Yanggu, through intense mortar and small arms fire. It kicked an estimated two North Korean battalions off the peak in nearly three hours of fierce fighting.

There was a comparative lull Tuesday around "Heartbreak Ridge", twice lost to counter-attacking Reds in 14 days of bitter fighting.

Get Out Oct. 4, Iran Premier Tells Britons

Aid Says Workers Can't Remain Under Any Circumstances

TEHERAN, Sept. 25 (AP) — Premier Mohammed Mossadegh today ordered 300 British oil technicians to get out of Iran by Oct. 4.

Deputy Prime Minister Hossein Fatemi told reporters the Britons remaining at the huge Abadan refinery cannot stay under any conditions.

Three ultimatuums to them in the British-Iranian oil dispute previously had given the technicians their choice of working under individual contracts with Iran or leaving the country.

Now they are being given one week from Thursday to settle their personal affairs and go. Some may be absorbed in the British oil operation in neighboring Iraq, where some already have gone from Abadan.

Iraq still operates in partnership with the British as Iran did before Iran's oil nationalization laws took over the Anglo-Iranian Oil Co. holdings in this country.

Mossadegh, in a message made public by Fatemi, instructed the National Iranian Oil Co. to see that all Iranians in the Khuzistan oil areas extend the departing Britons their "utmost hospitality and see them off with most friendly feelings".

A British spokesman said the technicians would not resist formal eviction orders.

95 Registered With Rush Due Next 2 Nights

Board Will Remain Open Tonight And Wednesday Until 9

Although the County Election Board had its biggest day with 95 registrations and 35 transfers Monday, the rush still wasn't what it should have been, Frank R. O'Hanlon, clerk, said today.

The board will remain open until 9 tonight and Wednesday for registrations and transfers.

Students To Baby Sit As Mothers Register

Junior and senior girls in East Liverpool High School came through with a novel plan today to assist in getting mothers to register for the Nov. 6 general election, when school bonds will be submitted.

The students will be freed from school between 1 and 4 p. m. Wednesday to act as "baby sitters" for mothers who wish to register or transfer at the Election Board.

Mothers desiring the services of a free "baby sitter" may phone Miss Ruth Sloan, dean of girls, at the High School office, at 1129, Wednesday morning.

Some 60 persons egistered during the board's normal hours with 35 more showing up last night.

Registration today and Wednesday should be heavy, he said, to pick up a fair part of an estimated 3,000 unregistered persons.

Yesterday's total brought the number eligible to vote at the November election to 10,159, he concluded.

To push the campaign for registration, the East Liverpool Teachers Association yesterday distributed cards to the city's 4,900 school children, which they were asked to display at home or on the family cars.

The card urges parents to "Support New Schools" and carries the inscription, "We Are Registered! Are You?"

3 Policemen Hurt

NEWPORT, Ky., Sept. 25 (AP)—Three Newport police officers—the entire uniformed force on duty at the time—were injured last night as an automobile crashed into the side of their cruiser at a street intersection.

Report Most Encouraging Yet

King Continues To Gain Strength

LONDON, Sept. 25 (AP) — A medical bulletin from Buckingham Palace this morning said King George "continues to gain strength" after a restful night.

It was the fifth and most encouraging report from the doctors since they performed a major operation on one of the king's lungs Sunday morning.

The bulletin, signed by four doctors who spent the night at the palace and the surgeon who performed the operation, said:

"After another restful night, the king continues to gain strength."

As soon as they agreed on the bulletin, the doctors telephoned the good news to members of the royal family staying outside the palace.

Princess Elizabeth, heiress presumptive to the throne, and her husband, the Duke of Edinburgh, received it at Clarence House, their London residence.

The news also went to Marlborough House, home of Queen Mother Mary. With her were the Duke of Gloucester, youngest brother of the king, and Princess Mary, the princess royal, his sister.

The Duke of Windsor, the man who gave up the throne to George, was reached at the home of a friend where he is staying while in London.

Medical circles believe dawn today marked the end of the first—and most crucial—post-operative phase.

"There are hazards and anxieties still ahead," one doctor observed, "but they are not as great or as grave as those of the operation itself and the (first) 48 hours which have now passed."

But the 55-year-old king is not

(Turn to KING, Page 9)

Windsor Receives Routine Checkup

LONDON, Sept. 25 (AP) — The Duke of Windsor entered a hospital today for X-ray examinations described as routine.

A spokesman for the former King Edward VIII said it is one of the regular checkups the duke has from time to time.

"His royal highness is in the best of health," the spokesman said.

Senators Want To Widen Quiz Of 'Corruption'

Claim R.F.C. Probe Has Only Scratched Surface On Fees

BULLETIN

WASHINGTON, Sept. 25 (AP)—James B. E. Olson, former U.S. alcohol tax collector in New York, acknowledged today that while on the federal pay roll he solicited printing business from taxpayers and drew more than $45,000 from a printing firm, the American Lithofold Corp. of St. Louis.

WASHINGTON, Sept. 25 (AP)—Two Republican senators said today the R.F.C. influence investigation has only scratched the surface of what they called corruption in government.

Senators Nixon of California and McCarthy of Wisconsin said the inquiry should be extended to follow up leads already uncovered in public hearings on the relations between the American Lithofold Corp. and Democratic National Chairman William M. Boyle Jr.

Nixon also said, without mentioning names, that he has evidence some "prominent administration supporters" have received large fees in connection with cases pending before the alien property custodian.

Nixon and McCarthy gave their views to reporters before the Senate investigations subcommittee called James B. E. Olson back for more questioning about the $750-a-month services he performed for American Lithofold while on the federal pay roll as a tax collector.

The hearings were started to look into charges that Boyle used political influence to help American Lithofold, a St. Louis printing firm, get $565,000 in loans from the Reconstruction Finance Corp.

He has said he did not—that he drew $1,250 from the firm for other legal work. Boyle is due to testify Thursday.

The subcommittee also has announced plans to inquire into the relations with the R.F.C. of Boyle's Republican counterpart, Guy G. Gabrielson.

Gabrielson has said he has been negotiating with the big lending agency for revision of the terms of repayment of $18,500,000 of loans to a firm he heads. Gabrielson heatedly denied any wrongdoing.

30-Foot Plunge Injures Worker

Donald Newlen, 42, who resides at the Buzzard Apartments on West Sixth St., is in "fair" condition today at City Hospital with injuries received Monday afternoon when he fell about 30 feet into Carpenter's Run while repairing a garage on West Ninth St.

Hospital authorities said he has a possible fractured left wrist and lacerations and contusions of the body.

Newlen was helping Alexander Meakin, a contractor, in remodeling the garages owned by Mrs. George Layne, 268 West Ninth St.

He was standing on a scaffold and tugging on a piece of siding when it apparently broke suddenly, throwing him into the run.

Newlen was taken to the hospital by Officers Paul Lemal and Robert Pyle in a police cruiser.

Will Name Green For 28th Year

Strong A.F.L. Plea Due For C.I.O. To 'Come Home'

SAN FRANCISCO, Sept. 25 (AP)—The A.F.L. is ready today to elect 78-year-old William Green, one-time coal miner, to his 28th year in the presidency and to make a strong bid to the C.I.O. to "come back home".

Delegates to the 70th convention sought to wind up work by nightfall with a grand jury unity push and an invitation to the C.I.O. to return to the federation it left in the big labor split of 1936.

The subject of relations between the C.I.O. and A.F.L. is of prime importance to the 700 local and national labor leaders at the convention—but until today there had been little official attention to that.

Because of the importance of these relations in almost every community, it was possible that a big debate might break out when unity resolutions—put off until last—were called up for action.

Woodruff Randolph, head of the International Typographical Union, is considering challenging the A.F.L. Executive Council's sudden decision at Montreal last month to break up the United Labor Policy Committee.

In that committee the A.F.L. and C.I.O. had co-operated for nine months. Many top officials of the federation were surprised by the action.

It was admitted freely by delegates that if Randolph touched off a debate, it might develop into a free-swinging discussion of issues such as that yesterday between the United Textile Workers' leaders and the top A.F.L. orators.

That was the most dramatic incident of the 10-day convention, and the delegates loved it.

Before it was over, the big guns

(Turn to A.F.L., Page 9)

Hancock Veteran's Body Due From Korea

NEW CUMBERLAND, Sept. 25 (Special)—The body of Private First Class Preston L. McKnight is being returned from Korea aboard the Hoosier State Victory, the Defense Department notified his mother, Mrs. Margaret Reed, of Holbert Run.

Pricate McKnight was listed as killed in action after previously being reported as missing since Feb. 9.

An Army reservist, he served 42 months in World War II and was recalled to active duty last October.

Besides his mother, he is survived by a sister, Mrs. Dorothy Geer of New Cumberland, and a half-sister, Charlene Reed at home.

Quirino To Visit Spain

NEW YORK, Sept. 25 (AP)—President Elpidio Quirino of the Philippines sailed today for Spain to visit General Francisco Franco.

6,000 Face Korea Duty

WASHINGTON, Sept. 25 (AP)—To keep the Far Eastern rotation program going on schedule, the Army will take 6,000 soldiers from its six Army areas in this country between Nov. 15 and 25.

TB Check Here Set Oct. 23

County Juniors, Seniors Will Receive Chest X-ray

All juniors and seniors in the county's 10 High Schools will be offered free chest X-ray examinations during October as the Columbiana County Public Health League sends its mobile unit on the road for its last mass survey of the year.

The unit will be at East Liverpool High School all day Tuesday, Oct. 23, and at Wellsville High School for Wellsville and Salineville students Wednesday morning, Oct. 24.

Miss Lillian Schroeder, the league's executive secretary, expects this last drive to raise the total of free X-rays to over 10,000 for the year.

Early this summer, over 3,200 were X-rayed in a public campaign in East Liverpool. Nearly 3,600 passed through the unit during a survey of industrial plants in the Northern part of the county during August and September.

Beginning students who reacted to patch tests will be X-rayed along with High School juniors and seniors, Miss Schroeder said.

Schedule for other schools:

Monday, Oct. 22—Morning, Salem High School; afternoon, Leetonia High School.

Wednesday, Oct. 23—Afternoon, Lisbon High School.

Thursday, Oct. 25—Morning, East Palestine and New Waterford at East Palestine High School; afternoon, Columbiana and Fairfield Centralized at Columbiana High School.

Two public surveys will be worked into the school campaign. It will be at Salem High School for the public Oct. 19-20.

Lisbon residents can follow students through the trailer from 4 to 5 and 7 to 9 p. m. the day it is in the county seat.

Arraignments Set Monday For Indicted

Arraignment of persons indicted by the September Grand Jury—16 named and eight secret—will be held at 10 a. m. Monday before Judge Joel H. Sharp of Common Pleas Court in Lisbon.

Criminal trials follow arraignment by two weeks, opening Monday, Oct. 15.

Meanwhile, Judge Sharp will hear civil suits beginning next Tuesday, when 50 persons have been summoned to report for petit jury duty.

House Group Draws Blanks On Film Reds

Most Of Witnesses Refuse To Talk Of Communist Links

LOS ANGELES, Sept 25 (AP) — The House un-American activities subcommittee after six days of hearing the refrain "I decline to answer under the Fifth Amendment," will turn off the record today.

Thirty-one of 39 witnesses have sung that tune—five out of six yesterday—and Representative Walter (R) of Pennsylvania said "unless somebody surprises us and starts talking", the committee will call it quits

Eleven Hollywood figures none particularly prominent, are still under subpena to testify in the investigation of communism in the film colony

The "decline' song was sung most frequently yesterday by Lester Koenig, an associate movie producer who coincidentally, dabbles in jazz records on the side

Koenig invoked the Fifth Amendment a dozen times in refusing to answer whether he was a Communist from 1940 until the day before yesterday

"I am not a Communist today" he told the subcommittee, 'and I have no intention of joining the Communist party tomorrow'

In addition to his movie duties for Paramount studios, Koenig outlined his record company business

'My leading artists are the Firehouse Five plus two—a very red organization," the 33-year-old Dartmouth College graduate said He hastened to add he referred to their firemen's uniforms, not their politics

Other witnesses who said they are not now Communists, but refused to say whether they were previously, included writers Carl Foreman, Reuben Ship and Josef Mischel Another man, Story Editor Donald Gordon, declined to answer all queries about possible Red affiliation, past or present.

Yesterday s lone 'friendly" witness was Mrs Bernyce P Fleury, an artist who said she and her husband Eugene joined the party in 1942, but got out in 1944 when they found they did not agree with Communist policies She was unable, however, to point definitely to any others as Communists

PUTTING ON THE DOG. Canine movie star Flame a German shepherd, is the perfect host as he tenders a party in New York following the completion of his latest film Wearing a party cap the big fellow lifts one of his guests a tiny French poodle, to the table so the little one can tackle the specialty of the house—hot dogs

Can't Get Rebate

TERRE HAUTE, Ind — Ernest Goings, 53, divorced three times was turned down by the county clerk when he tried to turn back his fourth marriage license for a refund

The U S House of Representatives has the sole power of impeachment The Senate has the sole power to try all impeachments

What, No Beer

ST LOUIS—Mrs John N Law says her pet fox terrier Ginny, has expropriated the ottoman in front of the family TV set, watching the show with rapt attention The dog walks away from the set only when beer commercials come on

More School Employees To Get Pay Hike

Substitute Teachers, Janitors And Drivers To Receive Increase

The salary schedule of substitute teachers janitors and bus drivers in East Liverpool Schools was increased by the Board of Education Monday night in keeping with boosts recently granted to other employees

The pay for substitute teachers was increased from $10 to $12 a day on recommendation of Superintendent R W Betts Substitute janitors in buildings of four-rooms or less will be paid $7 50 per day while those in larger substitute buildings and bus drivers will be paid $9 per day, instead of $6 The substitute janitor rate for Walker School remains at $6

Betts reported he found it difficult to employ substitute janitors and bus drivers for $6 Substitute teachers have been paid $10 since 1947 The new salary schedule is effective today

Raymond Buzzard chairman of the Finance Committee cited the increased cost of employing substitute teachers since a new state law became effective

He said substitutes received $7 995 in 1949-50 and $10 855 in 1950-51

Under the law teachers are allowed a sick leave with pay at the rate of five days per year until a maximum of 90 days has been taken

Sick leave is approved without question when an excuse is signed by the teacher and the principal but a warning was issued this term that additional proof may be necessary in case of abuse of the plan

The board approved the appointment of Mrs Ruth Clark of Salineville as teacher of the second grade in the Glenmoor School Betts said Mrs Clark had eight years experience in Euclid Schools before coming to Columbiana County and holds a Master s Degree

The board also authorized that membership be continued in the Tri-State Study Council sponsored by the University of Pittsburgh Only four Ohio schools are members of the council at present The fee this year is $100

The textbook 'Plain Trigonometry With Tables' was approved for use in the High School The course is offered during the second semester About 20 copies were ordered

The board authorized rental of the Memorial Auditorium to the East Liverpool Shrine Club for a concert by the Al Koran Band of Cleveland on Oct 5 for $90 and to Carroll Council 509 Knights of Columbus for a benefit basketball game on Nov 30 for $60

The Columbiana County Election Board was granted use of the High School Auditorium next Monday night for a school for election workers The charge will be $4 for additional custodial work

Notice was received by the board of a hearing in the county auditor s office at Lisbon on Thursday Oct 4 at 10 30 a. m on the city school budget for 1952 Board members and other school officials were urged to attend the hearing at which the levy for 1952 will be fixed

The board agreed to assume the tuition rate for two deaf children from East Liverpool who are being educated at Youngstown

The state pays the room and board for such children but the local board is required to meet the difference in the amount for tuition paid by the state in the foundation program and that charged by the Youngstown Board

Miss Kathryn Liebschner, clerk-treasurer reported a balance of $111 377 76 in the general fund and $7 352 30 in the bond retirement and interest fund for a total of $118,730 06

She said P B Fleming Cleveland consulting engineer, had certified that the new heating system in the High School has been completed by H D Hoffman contractor, and that the $7 000 balance due on the job be paid The board ordered this paid and $6 042 38 in other bills

RUSSIANS ON THE MARCH. Bayonets fixed to rifles Soviet military police march past the reviewing stand as they turn over monthly guard duty in Vienna to U S Forces

Czechs' Red Regime Jabbed By Underground 'Porcupine'

By A. I GOLDBERG
Associated Press Staff Writer

NEW YORK—Czechoslovakia s Porcupine has done it again

For the second time in less than a year the Prague weekly satirical magazine Dikobraz—it means porcupine—appeared on the Czechoslovak newsstands willed with underground barbs at the Red regime

Somehow, underground editors managed to publish an edition in April with a cover that looked complimentary to Czechoslovakia s Communist bosses

But just inside and for six more pages the magazine was filled with cartoons and stories that mocked and derided Russian Czech, Slovak and every other kind of Communist they could pack into the pages

There were cartoons that pointed up the Prague gossip about President Klement Gottwald s drinking habits There were jokes about the heads of the government There were digs at Stalinism and shock-workers jibes about the whole Red structure of the new Czechoslovak bureaucracy

Dr Jan Papanek former Czechoslovak delegate to the U N who was bounced by the Reds received one of the two copies known to have been smuggled out of Czechoslovakia He is still trying to find out what the regime did about it

But underground reports from Prague are slow after a feat like this is pulled off

Papanek is a member of the National Committee of Free Czechoslovakia, formed by Democratic Czechoslovaks in New York from among those who managed to escape the Communists

Papanek said Dikobraz' circulation is about 300 000 copies a week, but he did not know how far the fake issue had gotten

He did hear, though, that the people in Prague were offering as high as $20 a copy for the magazine which normally sells for 6 cents

The first Dikobraz coup caught the Czechoslovak Reds fast asleep The magazine ran a cover entitled 'Enemies of Czechoslovakia".

In what looked like orthodox Red propaganda it caricatured western imperialists , statesmen and institutions

The magazine had its usual wide sale and then sales suddenly spurted The Prague population found that worked into the cartoon were caricatures of Gottwald Zapotocky, Slansky, Vice-premier Zdenek, Fierlinger and other Communist big shots

News Broadcast Of Hearing Upheld Under Free Press

ASBURY PARK, N J Sept 25 (AP) —This city s ban on broadcasting a public hearing on a proposed new tax was upset by the courts yesterday as violating freedom of the press

Superior Court Judge C Thomas Schettino ordered Mayor George A Smock II and City Manager J Oliver Armstrong to permit radio station WJLK, owned and operated by the Asbury Park Press to set up microphones at today s hearing

Smock had ruled out the broadcast on the ground that persons appearing at the session might make objectionable statements

Irresponsible persons might make assertions that are not appropriate to the hearing " he had said

The station took the case to court After an hour and a half of argument yesterday, Judge Schettino ruled that news broadcasts come within the federal and state constitutions guarantee of freedom of the press

He declared the case was unprecedented in the United States as far as he knew and said it was proper to rule on it at this time

The ordinance up for public hearing would impose a 3 per cent city sales tax on such items as amusements hotel rooms and liquor Referendum approval would be required to impose the levy which is being fought by hotel owners and boardwalk amusement operators

Tone Wants Love Rival Placed Behind Bars

HOLLYWOOD Sept 25 (AP) — Franchot Tone has made it plain that he wants his rival for the hand and heart of Actress Barbara Payton put behind bars

Tone and Miss Payton conferred yesterday with District Attorney S Ernest Roll

Tone told of the severe beating he was given Sept 14 by Actor Tom Neal

Miss Payton who has been engaged at various times to Tone and Neal corroborated Tone s story of what happened

2 Drivers Fined, 3rd Forfeits At Chester

Two traffic offenders were fined and a third forfeited bond Monday in Chester

Lester Russell of Irondale was fined $25 and costs at a hearing before Squire O C Reynolds after pleading guilty to driving without an operator s permit He was cited Friday by Patrolman Harold Davis

Harry E Holman of Youngstown paid a fine of $1 and costs after pleading guilty at a hearing before Mayor DeMar Miller to a charge of illegal parking He was cited by Police Chief Floyd Lyons for blocking an alley between Montana and Indiana Aves

Andrew Butchki of Cleveland forfeited $5 bond when he failed to appear last night before Miller on a charge of parking in front of the Alpine theater Sept 21

Midwestern Farmers Will Visit At Firestone

COLUMBIANA Sept 25 (Special) —Some 240 farmers from Nebraska Iowa and South Dakota on a tour of 244 farms in the Midwest and Canada were scheduled to visit the famous Firestone Farm here this afternoon

Floyd Lower, county extension agent, was on hand to meet the group Boys of the Fairfield 4 H Boosters Club will serve as guides and girls of the Fairfield Junior Homemakers 4 H Club will help serve refreshments before the tourists return to their 17-car special at Youngstown

Scientist Sees Hop To Moon In 25-30 Years

Briton Forecasts Stops For Refueling On Trip Into Space

LONDON (U P) —When man finally flies to the moon and to other planets he probably will stop to refuel en route in space

He might even transfer from a 'local' space ship to an express to complete the trip

That s the latest thinking on how it will be done Arthur C Clarke chairman of the British Interplanetary Society says

Clarke added that somebody should be making the trip in 25 or 30 years or at any rate before the turn of the century How soon depends how much importance the United States or Soviet Russia puts on getting to the moon first

It hinges on how much prestige the West on one hand and Russia on the other think the first flight will bring and if getting there will give one side any military advantage

The first step is building an artificial satellite or moon just outside the earth s atmosphere to use as a stop-off or as a launching platform for flights on to outer space Clarke said

He said that probably would be done within the next 10 years

Then within the next century, Clarke continued will come flights several thousand miles out into space flights around the moon, then flights to other planets in the solar system starting with Mars and Venus the closest

The flights probably will be made in stages ' Clarke declared then flights to other planets in the pulling out some pictures of imaginary space 'tankers' shaped like dumbbells

'Tanker ships might go up to the orbit of the artificial satellite to refuel the rocket after it makes the fuel-consuming journey through the atmosphere into space "

Actually he said there probably will be three types of space ships—a ferry or local ship to take man up outside the atmosphere a moon ship sent up to the artificial satellite or even built there to make the flights to the moon where another tanker might refuel it for the trip back and deep space ships which would be built in space and say there

"The deep space ships would be relatively flimsy low power ships because no great power would be needed to get up speed in space and no great strength would be needed " he said

'They might be powered with atomic energy or even solar energy and would spend their time making trips from artificial satellites in the orbit of one planet to satellites in the orbit of another where the voyages could transfer to ferry ships to land '

WILL WED HILTON In Hollywood, where she is an outstanding starlet Betsy von Furstenberg, 19, reveals that she is engaged to marry Nicky Hilton heir to a hotel fortune and Elizabeth Taylors one-time husband She was born Countess Carolina Maria Felicitas Agatha Elizabeth von Furstenberg-Herdringen in Westphalia Germany

Famous Race Driver Chooses Nash Ambassador!

HERE'S WHY Johnny Mantz PICKS JETFIRE POWER!

Johnny Mantz, world-famous race driver, who's driven just about every kind of car ever made and won many of racing's top honors, has this to say about his Nash Ambassador:

"I chose a Nash Ambassador for personal and stock-car racing use because I firmly believe Airflyte Construction and handling ease make it the safest car on the highway Speed and performance? I proved that when I drove an Ambassador 102 46 m p h. over El Mirage Dry Lake Its Jetfire Engine is one of the finest ever put into any car! But, above and beyond its record performance and economy are such features as Coil Spring riding ease, Airliner Reclining Seat, Twin Beds and Weather Eye Conditioned Air Nash wins on every count—and I can recommend it to anyone who wants a truly fine car."

Drive A Nash Ambassador Yourself... Discover All Its Performance and Comfort Advantages!

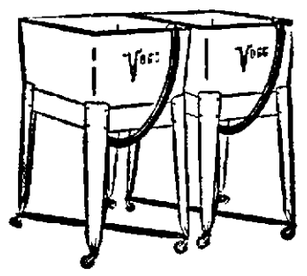
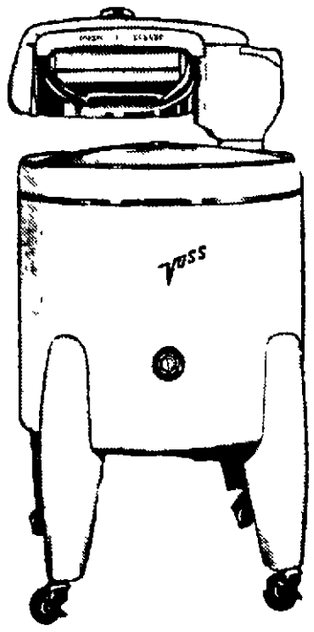
VOSS WASH TUBS

WITH THE PURCHASE OF A VOSS WASHER



—WHY VOSS WASH TUBS ARE PREFERRED—

★ Convenient in height—32".
★ Easier to work across narrow side than over round or square tubs.
★ Equipped with drain hose.
★ Oblong in shape—so easy to use.
★ 18" wide, 23½" long, 11" deep.
★ 17 gallon capacity.
★ Made of heavy gauge Armco steel.



This Offer Good On Any Double Wall Voss With Or Without Pump

Behind the VOSS name

Behind the name VOSS are seventy-five years of washing experience—your guarantee of years of trouble-free performance. With VOSS, you can do your entire week s washing in less than an hour And what a sparkling white washing it is! Sheets, table linens, shirts, Junior s grimy overalls—everything comes cleaner and whiter with the new, modern VOSS That's because of the many time-tested features VOSS' exclusive floating Agitator gives gentle "top suds' washing Dirt sinks to the bottom—suds stay clean and lathery at the top VOSS' Automatic Timer speeds washing time, shuts off the entire machine when each load is finished. See it to-day and be sure to ask about the world's only Electro-Safe Wringer.

The Case Of The Flaps

A number of operators of truck fleets are unhappy about the new law which makes them put mud flaps on their rear wheels.

The things cost $7.50 a set, and rip right off when a truck backs up to deliver a load. On a bumpy road, they get caught between the road and the wheel when the truck bounces, and pull off, too.

Otherwise, they serve the original intention of keeping trucks from throwing a spray of dirty water across the windshields of cars in wet weather.

The flaps are the contribution to humanity of Atrhur Blake, who represents this district in the Ohio Senate. He introduced the law which makes them mandatory.

Blake had in mind all of the irate motorists who would thank him when they got behind a truck and found it wasn't trailing a spray of murky water. But truck operators vote, too. And a couple of arrests for failing to dangle their flaps will make the Blake name mighty unpopular in trucking circles.

Revolt In The Cloisters

For those who have not yet grasped what is behind the reaction from commercialism in college athletics, there is direct help in a bill of particulars drawn up by faculty members of William & Mary. This college recently was torn asunder by an athletic scandal.

The college athletic program, said all but a few of the faculty members, had sapped academic standards, usurped a dominating position in the college," vitiated the most elementary standards of honesty and right conduct" and "ravaged the morale of our student body, including the athletes themselves".

What this means, so far as William & Mary teachers are concerned, is that they are in open revolt against the encroachment of sports on their professional rights. The scandal which caused the resignation of the college's president, its football coach and its basketball coach concerned falsification of academic records to make and keep athletes eligible.

The teaching members of the faculty declare they are not opposed to athletics. Like teachers on many other campuses—and even in high schools—they are opposed only to letting a single branch of the curriculum dominate all other branches and even to make them a party to its connivance. That is the real power of the revolt agaist commercialized athletics—that the revolt represents the honest anger of teachers trying to save education from interlopers.

History In Mig Alley

From the beginning of the civil war in Spain, in midsummer of 1936, to its conclusion in the Spring of 1939, every well-informed militarist in the world knew the Spanish peninsula was being used as a laboratory by the great powers.

German planes were tried out there. New ideas in ground fighting were put to the test. All kinds of equipment were put through trial runs. By Autumn of 1939, when Germany finally started World War Two, it knew the possibilities of its new weapons.

Today's proving ground is Korea. That is where the Soviet Union is testing its weapons for the subjugation of the non-Communist world. It proved the worthiness of its armored equipment in the early days of the fighting. It proved what could be done with ordinary weapons and discipline in the case of Chinese farm boys drafted to fight for the Communist conspiracy. And now it is giving combat tests to the world's strongest air force.

The United States and its allies are using Korea for the same purpose, but on a defensive basis. That is, they are struggling to keep up with Russia and its satellites. Jet-plane battles high over "Mig Alley" in North Korea may be deciding vastly more than control of the air over Korea.

Full Of Scrap

One detail about the rearmament program of the United States makes everybody connected with the steel industry wince.

It is the 36 million tons of scrap metal needed for melting with new iron to make the steel needed for military and civilian production in the next 12 months. There is no shortage of scrap in the country as a whole, but there is an acute shortage available for steel-mill consumption. There will continue to be a shortage until millions of Americans can be made aware of the necessity for doing something about it.

Among these millions will be thousands who will have access to several million tons of scrap which otherwise would not be discovered. The steel industry, itself, is doing everything it can to find what it needs. But it is going to need more than it can find through its own resources.

The additional scrap will be provided by sources not now in sight. There is a story told about one manufacturer who "found" enough scrap in his plant during World War Two to fill 88 railroad cars—after doubting that enough scrap could be found to make the hunting worthwhile.

This would be a good time to "find" the 100-odd pounds of scrap which can be picked up on the premises of almost any ordinary family.

Behind The News

By George Sokolsky

Is Murder The Voice Of America?

It is Sunday afternoon and one stretches out in comfort, to read and smoke and to relax. Bang! A horrifying scream!

Someone has fallen out of a window. Some more bangs!

Two or three radios are shrieking what are called "mysteries".

The language may be English, but of a variety and vintage that is more familiar to the children who listen to it than to any dictionary.

There is always a "private eye" who gets hit and knocked down and stomped upon. Generally some very beautiful girl is his assistant. How a girl with so frail a voice can do all the things these girls do is beyond credulity.

The little girls who listen to these fighting females have something to emulate, for if emulation is not the purpose of all this, what is?

—:—

THEN THERE is the tough woman with the so-called sexy voice. I have often wondered why such a voice is called sexy. I have heard great actresses play Juliet, beginning with Julia Marlowe, but I never heard one speak those rich lines of love in such a vocalization as radio regards as sexy.

In fact, it strikes me that if any woman spoke that way in real life, everybody would regard it as a form of halitosis.

Then there is the bad man who shoots his way through life, surrounded by stooges, dopes and morons, who speak a dialect of English invented by an idiot.

In the course of a varied career, over many years, I have known some bad men. I knew such characters as Kid Twist and Gyp the Blood of another generation. I once worked in a chicken market in New Jersey where Paul Kelly, an Italian heavy, was the straw boss, yelling all over the place.

But he never talked like any of these radio bad men. This dialect is strictly synthetic and no cop would lock up anyone who sounded off with such professional toughness, even as a vagrant.

What was that scream? The gun moll is poking her finger into the eye of the private eye's moll, or some such pleasantry. The child is doing her homework and seems unabashed. It is an excellent way to become proficient in algebra.

It is not so lonely and nothing is said that is controversial, except that somewhere before justice triumphs the child is told how to cure a headache or to remove a dozen or so body odors. What an inspiring thought for a Sunday afternoon?

Then there is the taxi driver who talks a dialect that would not be tolerated even in Brooklyn where the local intelligentsia like to show off at lingua Dodger—an invention to stimulate pride.

But the Brooklyn dialect is based on sound English. This typed taxi driver jargon on the radio is a specialty all on its own. It exists nowhere outside the microphone and must take long practice to master.

—:—

I SOMETIMES wonder whether in television they will cultivate synthetic personalities to look like those voices sound. Then the children can go to bed, dreaming of the horrors with which they regaled themselves during the afternoon.

It is difficult to be a heavy-handed parent, even if the noise is distressing.

The child insists 'All the kids listen to this." Unfortunately, the listening cannot be limited to the children. The shrill scream rends the air. The revolver shots are heard through open windows. Murder! Murder!

Does America listen to nothing but murder? Is murder the Voice of America? Have we no way of being amused but by murders? Do our children have to grow up in this atmosphere of eternal murder?

Of course, they also can listen to The Greatest Story Ever Told.

They can hear recorded music, beautifully done and often brilliantly explained by a person like David Randolph. I am not sying that there are not excellent programs on the air.

I simply am asking about this emphasis on murders, gangsters, gun molls and private eyes. Is it necessary? Is it good for our children?

Why are such programs so popular? Or is it an unimaginative laziness which keeps these programs on the air?

It once was suggested that murder would be off the air until 9 p. m. when the young ones had been put to bed. What happened to that brilliant thought?

As I write this, I am listening to one of the best programs on the air—the Boston Pops Orchestra conducted by Arthur Fiedler. Nothing is being murdered.

(c) King Features, 1951

Inside On Labor

By Victor Riesel

SAN FRANCISCO

Recently, when anti-American propaganda wanted to smear the reputation of a visiting U.S. labor chief visiting in Marseille, France, they spread word that his real name was "Scarface" Brown.

They hit on this because many a French family remembers from its night out at showings of American movies that "Scarface" means gangster and, judging from some Hollywood films, all Americans are thugs who slug it out on dark corners.

Elsewhere in Europe and Asia, those who've watched U.S. pictures and don't think we're gangsters, see us as cattle rustlers, perverters of Indians or unclad, immoral people dancing through the night in bawdy houses. All this has hurt American prestige and is losing the cold war for us in many tense sectors.

To prove that we're decent family folk, the A.F.L. free trade union committee leaders hope to organize flying squads of Hollywood A.F.L. stars and union craftsmen to speed across Europe and Asia—there to show that neither the film colony, nor American itself, is run by thugs or perverts.

Spokesmen for the A.F.L. executive council have scheduled conferences with Hollywood film councils in the hope that the first glamorous salesmen of American democracy, including such players as Bing Crosby and Walter Pidgeon, a convention delegate, soon will be flying across the world.

—:—

EVEN IF reports were true that John Lewis was hiding in a local hotel, ready to make a dramatic re-entry into the A.F.L., he could not have walked in grandiosely. He would have had to fight his way in.

Jimmy Petrillo was waiting for just such a moment. For almost a week previous to the convention Petrillo checked every source to learn if Lewis really planned to rejoin. Were this so, the musician's leader would have hit the convention floor to attack the coal diggers' chief urge that he be kept out and then force the proud miners' leader the indignity of a showdown vote on his return.

Jimmy has been feuding with John L. ever since Lewis spent thousands of dollars in Chicago attempting to build a rival musicians' union. For years, the jaunty little Petrillo could not fight back in the A.F.L., but now he's a vice-president—and Lewis isn't needed, he says.

Despite his power, Petrillo seldom throws his weight around publicly. When the San Francisco opera opened here the other night, the only ticket Petrillo could buy was $3 standing room space. So, the man who could have "pulled the joint's long hair music", stood all night, unnoticed in the rear.

— —

WORD HERE is that the pro-Communist unions—11 of them, with 600,000 members—will launch a "labor party" shortly after they organize their own third labor federation. They'll then merge the old Henry Wallace Progressive party with it and name a candidate for president in 1952.

Reports indicate that they plan to have a Negro on their ticket and appeal to such racial and foreign language groups as the five million Spanish-speaking Mexicans, the Negroes, the Puerto Ricans and other minorities.

All in the hope that they can roll up several million votes and thus replace the official Communist party, now underground. Working on the deal is an old party veteran, Roy Hudson, who was out here not too long ago. Once top Commie commissar in the C.I.O., he's one of the few operatives whom the F.B.I. has not yet picked up.

Meanwhile, it can be reported that some unions on the East and West coasts are now training their own husky squads to take on the goons being used in large numbers by several of the left-wing unions.

Authorities know that the pro-Communist unions actually recruit their strong-arm men from idle gangs which no longer find their time fully bought up by the three big regional crime syndicates. So watch for actual street and waterfront warfare in a few months.

—:—

AMONG THOSE labor leaders who met with the series of White House emissaries and speakers who came to woo and wow the A.F.L. convention, there now is no doubt that Truman will run for re-election.

Leaders of the A.F.L. ladies' accessories union, tell me their own investigators have data to show that some 75 per cent of the Defense Department's orders for hundreds of thousands of WAVE, WAC, nurse and auxiliary Air Force women's handbags and personal leathergoods are going to 5 per centers and "illegitimate" operators who have no shops; but who peddle the orders after they get them.

A merger of the A.F.L. and C.I.O. has failed to come off at this convention, the A.F.L. leaders say, because Phil Murray is concerned with what will happen to the 725 organizers, regional leaders, national office people and technicians who work for the C.I.O.

A.F.L. people indicate they are willing to guarantee these jobs in any merged labor movement. And they point out the war between the A.F.L. and C.I.O. will cost far more than the combined wages of the C.I.O.'s national staff.

Eating Up The Future

By Frank Tripp

This is a story of a man who understands inflation better than all of the economists in the world. He is an authority on it, and a victim of it, with no trick solution to offer.

He has come to the conclusion that all the common man can do about inflation is to produce enough to keep up with it. Expert manipulation to control and correct it has accomplished little for him.

Instead, he believes that the doghouse in which he abides in his old age was created by man's meddling, with the laws of nature and supply and demand.

There are no charts, graphs or promises in his analysis. His is a simple, cruel experience story; a course in inflation that anybody can understand.

—:—

HE ONCE owned a profitable business of many years standing. When he reached 60 the country's economy was stable. What has since happened to it was unforeseen.

He had accumulated as much as he felt he needed to see him through.

He didn't aspire to be wealthy, had a wife but no family and enough to live comfortably, he thought. So he sold his business and retired. His friends envied him the life of leisure and travel that he planned.

His then sufficient nest egg consisted of investments, ready cash a little modest rental real estate and his home.

It all looked as secure and enduring as Gibraltar. Today, well past 80, only his home is left and enough to live comfortably, he lives meagerly off the controlled rent that he gets from its second floor. He had to eat up his future.

He saw the dollars he had saved halved in purchasing power, then halved again while things he bought soared higher and higher, many beyond his reach. He saw his life's competence disappear four times as fast as he expected and was helpless to prevent it.

— —

HE SOLD his car, quit his clubs, stored his beloved golf sticks, sat on his porch and saw the changing world pass by.

When you ask this man who learned the hard way, a way that would have crushed a lesser philosopher; when you ask him for the answer, he gives a simple one. He doesn't fly off in a tirade. He rationalizes his predicament and takes half the blame upon himself.

He just says that in our pyramiding economy no man can preserve what he has without producing a considerable part of what he meantime consumes.

He says that these days, when a man thinks he has enough to retire is the time he should stay in the harness and accumulate four times as much.

The man's plan failed because he was producing nothing in a period that cost him his dollars many times faster than he had earned them. His plan worked in America for 100 years—back when people didn't think that society owed them a living.

His plight should make people think; those who care not how little they produce for the dollars they are paid; who loll in serene confidence that the government will support them.

—:—

IT IS THEIR ilk who ruined this man; they and the self-seeking politicians who want their votes.

Inflation is a child of the welfare state; of its waste and the high prices that its taxes create; plus the moral irresponsibility it has engendered among the people, says this man who paid, and knows.

It is a fraud that comfort and security can come from anything but one's labor, he says; that America can survive on anything but the productivity of its people; a swindle that the way to beat the rap is to cheat the boss, revile and pester him.

Already men are retiring on social security and old-age pensions to learn the sad facts of this story.

Men who didn't plan long enough and big enough on their own; who trusted their fate to government and thought it didn't cost them a cent. Millions will fall for the hoax.

They forget that they are the government and pay the shot, down to the bread they eat; that that's what inflation is.

They forget that every day they do not produce more than they consume, another has to do it for them; while they eat up their own future and that of their children.

The humbug cannot go on forever. Some day everybody's future will have been consumed—like the man in this story. Because too many are living off the labor of too few.

A Lesson From Britain

By Raymond Moley

In almost every line of activity the United Kingdom is less efficient than the United States.

We produce more of steel, textiles, and hundreds of other goods with fewer workers and in much less time. But in the routine running of a political campaign, in party organization, in the creation of campaign literature and speeches, we are, in contrast, inefficient, wasteful, lumbering, and confusing.

Ordinarily, we get out half or less of our electorate. Britain got out 85 per cent in 1950.

Imagine what would happen in our various political headquarters if there should suddenly be a call for an election campaign to begin on Oct. 4 or 5 and to end in a general nationwide election on Oct. 25—a fact now determined by the prime minister of England.

There would be indescribable confusion and the result would be an election in which nothing would be decided and only a small fraction of our people would vote.

While there are thousands of meetings and speeches in the constituencies in Britain, there are only about a dozen national broadcasts.

The air of England is not full of poorly-prepared harangues, hammy songs and tiresome slogans paid for by this or that sponsoring committee or individual.

The two major parties and the Liberals are allotted exactly the same number of periods of about three-quarters of an hour each.

The speeches are meticulously phrased and well delivered. There is no reason for confused voting and no excuse for ill-informed voters. The British Broadcasting Corp. reaches every receiver in the United Kingdom.

While the law severly limits the amount each candidate can spend, there are many volunteer workers, solicitors and canvassers, well-trained and disciplined.

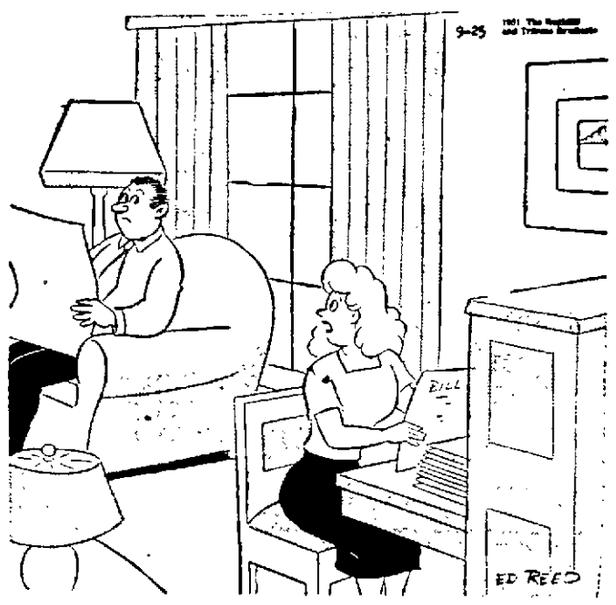
There will be no reason next month why Britain cannot make a clearcut decision for years to come.

It is facing a choice most important to itself and to the world. And the machinery through which that decision will be made is the best that popular government has ever devised.

(Associated Newspapers)

Sweet potatoes, topped with crisp bacon and accompanied by buttered green snapbeans, make a delicious main course for lunch. Add a tossed green salad to the menu if you like and hot rolls.

Off The Record **By Ed Reed**



"Remember that cheerful, friendly credit manager at the furniture store?"

Once Over

By H. I. Phillips

The Dentist And The Ball Game

We climbed reluctantly into the dentist's chair. "This is going to be a terrific battle," was the first voice we heard, and it did nothing to calm us.

"What's that?" we asked, looking for the dentist, who had strolled into an ante room.

"Nobody can tell how this one will come out," came the voice.

"Look, doc, I came in for a filling, not an extraction," we explained.

"So the thing to do is just to sit back, hard as it is in tension like this, relax and, so to speak, let the best man win," came the answer.

• • •

"Is your voice changing?" we demanded of the dentist, knowing something was wrong.

"Oh, that!" he exclaimed. "I've got the radio on for the ball game," He asked if we minded. What could we say?

"What's the trouble?" asked the dentist, reappearing and facing us.

"It's a cavity," we said.

"This should be the real struggle of the season," the radio proclaimed. "Settle back and look for fireworks every inch of the way."

—:—

THE DENTIST TOLD US to open wider and began exploring.

"Hitting power will decide this event," said the radio. "The old waliop and fortitude in the inches will determine everything."

"How long have you had this?" asked the dentist, finding the cavity.

"It's funny how there can be a big hole in the defense and nobody able to put his finger on it until too late," said the radio announcer. It can cause a lot of trouble."

"Doc," we said, "I'm a very nervous guy. Would you give me something to deaden the pain?"

• • •

"Certainly," said the dentist assuringly, but as he pottered about the instrument "panel" the ball announcer said. "Sheer courage can decide this one, folks. It could be the most exciting afternoon in a long time."

"Open wider," ordered the doctor.

"It's a very tight situation," came from the radio. "We had a honey like this yesterday, and boy, was it murder!"

The dentist applied a needle to the gum and tried to soothe us with a smile.

"Well, we're all set," said the radio. "It's the old Murderers' Row at it again, folks."

—:—

"DOES THIS HURT?" the dentist asked.

"Who's on second?" we replied.

"DiMaggio," he said.

"That hurts," we replied, hoping he was on third by now.

Suddenly a pain shot through our jaw.

"Strike!" said the radio. "He put everything into that one and blazed it through!"

This was too much. "Lissen," we said to the dentist, "either give me a base on balls or cut the play-by-play routine."

• • •

We were quite pale and obviously shattered. The doctor turned off the radio. We didn't mind it too much after that.

"Come in next Tuesday," said the dentist, as he finished "You have another tooth that needs attention."

"Who's playing Tuesday?" we demanded, as the dentist turned on the radio again.

"This one was important," came the radio voice, "but next week you can look for the killer diller."

We tottered out, envying birds which have no teeth and patients whose dentist have no radio.

Eisenhower Warns Of Cuts In Europe Aid

Calls Economic And Arms Help Both Vital To Defense Program

WASHINGTON, Sept. 25 (AP)—General D. Eisenhower was quoted last night by Representative Richards (D) of South Dakota as urging that no drastic cuts be made by Congress in U. S. economic or arms aid to western Europe.

Richards, chairman of the House foreign affairs committee, said the word came in a personal cable to him from the general, commander of the North Atlantic defense army.

Richards did not make public the cable, but he said Eisenhower did say that the economic structure of the United States had to be considered in any aid program.

The Congressman said he asked the general which is more important—providing direct arms aid to western Europe or giving economic aid which will enable U. S. allies there to build up their own military production.

Eisenhower replied, Richards told a reporter, that one is as important as the other and he hopes neither will be cut drastically.

Richards heads House conferees trying to resolve differences with the Senate over the size of the foreign aid program, to be authorized for the current year. The Senate voted $7,286,250,000, the House $7,498,750,000. President Truman asked $8,500,000,000.

Some lawmakers have proposed further cuts when the actual money is voted.

The conferees tentatively settled one of their differences yesterday, voting to set up a three-year successor to the Economic co-operation Administration. The E. C. A. is due to die next year.

The new agency would operate for the life of the three-year military aid program.

If approved, this agency would become part of a foreign assistance setup administered by individual gavernment departments. An administrator serving as an executive assistant to the President would have final say on all disputes.

This would be a compromise between the House version of a separate foreign aid agency and the Senate's proposal for individual departments to handle the program, subject to a co-ordinator in the White House.

Two Fined And Jailed For Assaulting Negroes

INDIANOLA, Miss., Sept. 25 (AP)—Two white men were fined $500 each and sentenced to six months in jail after they pleaded guilty to charges of assaulting four Negroes.

The men—Homer Sheffield, a deposed deputy sheriff, and Charles R. Underwood, a private detective—were sentenced in Circuit Court yesterday.

A group of unidentified white citizens retained an Indianola attorney to aid as private counsel in prosecuting Sheffield and Underwood.

The two were charged with beating the Negroes while questioning them about the reported slaying of a 17-year-old Negro, who later was found alive in East St. Louis, Ill.

Forrest G. Cooper, the attorney employed as private counsel, said Sheffield will serve his sentence in the jail where he was jailer when the Negroes were questioned.

Animal horns have a bony core with a covering of keratin. Antlers consist of a growth of connective tissues which becomes hardened with the deposition of calcium.

TRIO ON THE WING. Three Supermarine Attackers, part of the British royal navy s operational squadron of jet fighters, fly over the naval air station at Ford, Sussex, England.

Supply And Demand

Some Prices May Drop, Others Go Up

NEW YORK, Sept. 25 (AP)—Farm prices now are feeling the downward tug of the nation's second promise of lower, or at least stable, prices on many food items in the groceries.

But even as the prices of commodities as a whole stay well below their June level, strong pressure is building up to send prices of other important items higher.

Some food, some clothing and almost everything containing metals may soon respond to this pressure.

Beef and pork are likely to go up an average of two cents a pound in the butcher shops by the end of the week. The cheaper cuts may go up more than that. The Office of Price Stabilization is trying to figure out a new price list, based on higher livestock prices.

Woolens and worsteds are going up an average of 40 cents a yard. But for the recent spectacular drop in raw wool prices in Australia, the price of next Spring's suits would have been much higher.

WOOLEN MILLS, in opening their next Spring lines this week at a level 40 cents higher than a year ago, say that the price boost reflects two wage boosts the last year rather than the sharply fluctuating price of raw wool.

The fiber hit a peak last Winter, but meeting no American demand at that level slumped back to pre-Korea prices this Fall.

The clothing trade hasn't responded much to the mills' price increases. Many suit makers say their inventories of cloth are high and the mills may have to continue to look to the military forces for their business.

The metals trade says the pressure on metals may send the price of copper, zinc, lead and tin higher.

These metals are in short supply here and demand for them is rising as the defense program picks up speed. World prices for the metals are generally higher than the ceiling prices here.

Tin, for example, sells here at $1.03 a pound, but the U. S. government pays Bolivia $1.12 a pound. And Bolivia says that isn't high enough.

Copper has two prices—24½ cents for the metal mined here and 27½ cents a pound for the metal we import. Similar wide spreads in prices exist between zinc (17½ cents a pound here and 21¼ cents asked by Canada) and lead (17½ cents here and 22 cents in the world market.)

Metal traders doubt if the O.P.S. can maintain the split price system much longer, since European demand for the metals at higher prices makes it hard for American users to find metals to import—and the need to import is great.

—:—

STEEL MEN see a good chance that the price of that basic raw material may go up by the end of the year.

This, they say, would grow out of the demands of the steel unions for a pay boost this Fall. The steel companies will try to pass any pay boost along in higher prices, claiming that higher taxes, higher freight rates and rising mill maintenance costs make it impossible for them to absorb the boost themselves.

On the brighter side of the picture for the consumer is the bountiful harvest. Seasonal drops in the wholesale prices of eggs, broilers and sugar are already noted.

On the longer range, prices of some of the raw materials of meat and groceries are expected to drop lower or at least hold firm.

Corn, principal animal food, is starting to come in and traders expect prices to weaken as the harvest progresses. A big soybean crop may mean lower prices for oils and shortenings. Cocoa beans have dropped 10 per cent this month. The winter wheat crop is being planted in the Southwest under good weather and soil conditions.

It all looks good—except for meat. And many in the livestock, packing and grocery industries think that even there the price hullabaloo is fast reaching a crisis.

If that squabble is settled, the unfettered law of supply and demand—they contend—will bring out enough meat supplies to "assure reasonable prices".

Lisbon PTA Holds Opening Program

LISBON, Sept. 25 (Special)—Robert Longsworth, superintendent of Carroll County schools, addressed the opening meeting of the Lisbon Parent - Teacher Association Monday night in the High School. His subject was "What Is Your Program".

Samuel Means, instructor of Instrumental and Vocal Music at the High School, sang two solos. Harold Lower, president, presided and announced the following committee chairman:

Mrs. Donald Hill and Mrs. Charles Lederle, ways and means; Mrs. Rupert Thyng, program; Mrs. Giles Perry, membership; Mrs. Wade Bacon, health; Mrs. Wayne Calhoun, hospitality, and Mrs. Alex Helman, and Mrs. Dale Holleman, publicity.

Other officers are Mrs. Perry, vice-president; Mrs. Edwin Goodballet, secretary, and Charles Faust, treasurer.

V. J. Ullman, superintendent, introduced new teachers.

The association voted to purchase a new portable organ for McKinley School and a duplicating machine.

A membership drive will open Monday.

Trucks Collide

EAST FAIRFIELD, Sept. 25—Trucks operated by Dorbert Crawford, 23, of Cambridge, and William White, 45, of Wheeling collided Monday at 6:30 p. m. on Route 7 near here, when Crawford was unable to stop as the other slowed for a car ahead. The State Highway Patrol said no one was hurt.

One high producing cow can give the dairy farmer as many dollar bills above feed costs as three of her low-producing sisters.

Paint Trick Ain't Slick As 2 Land In Jail

Two East Liverpool men who started out to paint the town—figuratively if not literally—wound up in jail Monday night after attempting to dispose of the paint to a suspicious painter.

A hearing for Albert E. Donohew, charged with larceny by trick, and William H. Pugh, who was arrested with Donohew, was set for 2 p. m. today before Municipal Judge George L. Brokaw.

Police said Donohew ordered eight gallons of paint and a gallon of linseed oil yesterday afternoon at the Wirland Lumber Co. and charged it to R. L. Cawood, who is in Europe.

Donohew, accompanied by Pugh, then tried to sell the paint to Jay Glenn, 410 Vine St., a painter.

They were arrested at 6 p. m. near the Horn Switch by Patrolman Louis Stuttler. The paint was recovered.

Crucible Winds Up Charities Fund Drive

The Crucible Steel Co. in Midland is winding up its "give-once-for-all" Combined Charities Fund drive, John Danneker, drive president announced today.

He explained, "We're waiting to hear what the budgets are for the various organizations, then we'll know how our drive went".

Meantime, plans for the Midland area drive moved forward Monday when Leslie B. Roach, borough chairman met with his committee.

Lisbon Club To Meet

LISBON, Sept. 25—The Boosters Club will meet at 8 tonight at the High School to see movies of the Lisbon-Minerva game. Coach Edwin "Bud" Bucher will review the plays and discuss the invasion of Niles Friday night. Dick Stockman, president, will preside.

Benton To Tell Why He Wants McCarthy Out

Will Appear Before Senate Group Friday On Dismissal Move

WASHINGTON, Sept. 25 (AP)—Senator Benton (D) of Connecticut will tell a Senate rules subcommittee Friday why he thinks Senator McCarthy (R) of Wisconsin should be expelled from the Senate.

But McCarthy says he will ignore the group's invitation to be present and make a reply at the closed door session because the subcommittee unanimously rejected his demand for permission to cross-examine Benton.

McCarthy told reporters he plans to keep an out-of-town speaking engagement Friday. Asked whether he would go before the subcommittee later to reply to Benton, McCarthy snapped:

"No! I have said before I am not going to waste my time on that odd mental midget."

The subcommittee voted, 5 to 0, late yesterday to hear Benton and then decide whether to hold any further hearings on a resolution the Connecticut lawmaker introduced Aug. 6.

It calls for a Senate investigation to determine whether there are any grounds to oust McCarthy.

If the ouster issue eventually should go before the Senate, it would require a two-thirds majority of senators voting to expel him.

The Benton resolution takes note of a recent unanimous report by the rules subcommittee—made up of three Democrats and two Republicans—describing as "despicable" the successful 1950 election campaign conducted in behalf of Senator John Marshall Butler (R) of Maryland. The report said McCarthy was "actively interested".

Benton wants a further inquiry into McCarthy's role in the Maryland campaign and a full-scale investigation of McCarthy's activities since he was elected to the Senate in 1946.

The subcommittee's decision to hear Benton came after more than four hours of discussion behind closed doors at two meetings yesterday.

SPONSORED BY STAR. All smiles aboard the General Muir after it arrived in New York are iron curtain refugees Magdalena Cepula and Erika Gottgettreau. Their sponsor, movie star Constance Bennett, has assured the Displaced Persons Commission that she and her husband will provide housing and jobs for the DP couple at their home in Alabama.

'Austerity Far Away,' Americans Are Told

NEW YORK, Sept. 25 (AP) — "Austerity is still a long way off for the American consumer," the New York Times says.

And little likelihood is foreseen that food and clothing every will be scarce, the Times said on the basis of a survey:

The story, by A. H. Raskin, continues:

"Despite the growing part of the nation's metal that is going into planes, tanks, bombs and other weapons, it will be at least six months before buyers encounter any real difficulty in finding new automobiles, washing machines or vacuum cleaners."

The story said a study of cutbacks in civilian goods production indicated that "most businessmen were more worried about slack consumer demand than the impact of materials shortages".

Gas in electric light bulbs is below atmospheric pressure when the bulbs are cold, but when they heat up the gas expands and the pressure is about that of the atmosphere around the bulb.

Proceedings of the Courts

Common Pleas

NEW ENTRIES

In re: application of First Christian Church, Wellsville; trustees authorized to borrow money and secure same by mortgage on real estate.

Knox Oil Co. vs. Ohio Edison Co.; dismissed at defendant's costs.

Opal Lossick vs. John Lossick; same; separation agreement approved.

Mabel Ansley vs. Wesley Ansley; same; maiden name, Briggs, restored.

Alice P. Owen vs. Private First Class Elroy Owen; divorce to plaintiff; gross neglect and extreme cruelty; maiden name, Franklin, restored.

Paul Kevan vs. Agnes E. Kevan; dismissed by plaintiff.

Roberta Hull vs. Edgar Hull; same.

Blanche Baker vs. Leonard W. Baker; divorce to plaintiff; extreme cruelty; separation agreement approved.

Myrtle Seevers vs. Harold Seevers; same; custody of minor children to plaintiff; defendant ordered to contribute to their support.

Adalaid Watts vs. Loren J. Watts; court finds defendant $150 in arrears on support; defendant to appear Sept. 26 to answer for contempt; bond set at $500.

Harold E. Dyke vs. Thelma Dyke; court finds plaintiff not guilty of contempt.

NEW CASES

Merle McQuistion, Columbiana R. D. 2, and the Republic Indemnity Co., Columbus, vs. C. A. Straub, East Palestine; action for money only, $196.97 claimed for damages in a traffic collision.

Every breath of
VICKS VAPORUB IN STEAM
relieves croupy night coughs of colds

Special medicated steam brings soothing DEEP-ACTION RELIEF

Now those croupy, coughing spells that attack children without warning are relieved so fast with this *home-proved* treatment . . . two heaping spoonfuls of Vicks VapoRub in a vaporizer or bowl of boiling water as directed in package. It's easy, too . . . Your little one just breathes in the steam. Every breath carries VapoRub's relief-giving medications *deep* into troubled throat and large bronchial tubes. There *this wonderful treatment* medicates and soothes dry, irritated membranes, eases away coughing, helps restore normal breathing. And real comfort comes in no time at all.

For coughing spasms, upper bronchial congestion and that choked-up feeling caused by colds, there's nothing like using Vicks VapoRub *in steam*.

And always rub it on for continued relief

To insure continued action, always rub VapoRub on throat, chest and back. Works for hours — even while your child sleeps—to relieve distress. It's the best-known home remedy you can use when any cold strikes child or grown-up . . .

VICKS VAPORUB

A STATEMENT

from

The President of The Standard Oil Co. (Ohio)

The increasingly technical aspects of motor oil quality and motor oil performance have made it most difficult for the average car owner to judge the relative merits of the many brands for sale.

Accordingly, we have this to say:

We regard our new Sohio HQD Motor Oil as one of the most important improvements we have been able to make in 81 years of refining petroleum products. It is by far the finest motor oil Sohio has ever made, and we have firm reason to believe that it is the finest on the market. We intend to keep it that way!

C. D. Dooley

Grade School Site Chosen

West Seventh St. Property Selected

(Continued from Page One)

completed selecting sites for the three proposed schools.

The Y-Vodrey lot on Bradshaw Ave. was chosen for the downtown Junior High School, and school-owned property in East End for the other Junior High.

If the bond issue is approved, the board will then make offers to the owners of each piece of property. If no agreement can be reached, the board can start condemnation proceedings in Common Pleas Court. Then a Board of Appraisers would place a valuation on the property and the owner and the purchaser would be required to accept their decision.

The school board understands the Board of Directors of the Y. M. C. A. would sell the Y-Vodrey land for $50,000. It is nearly four acres.

John Ridder and William Southan, members of the Citizens Committee for Better Schools, arrived at the meeting just before the board approved the site. They took no part in the discussion, however.

Superintendent R. W. Betts said the film "Your Home Town," showing the condition of East Liverpool's school plant, will be screened at a meeting of the City Federation of Parent-Teacher Organizations Thursday night at 7:30 in the Memorial Auditorium. The picture has been shown to several groups. Members of the board were invited to attend the showing.

King

(Continued from Page One)

yet on the straight and smooth road. Medical experts claim the next danger period will start approximately next Saturday and will last a day or two.

At that period, the risk of late complications—especially infection and what is called "secondary hemorrhage" — will once again make the going critical for George.

The guarded bulletins from the sickroom have shed little light on the king's ailment.

Speculation continued on the nature of the ailment. Attending doctors called the operation a lung "resection", which indicates cutting out either all or part of a lung.

One authority indicated that pieces of the affected lung probably have been examined under a microscope by now. This expert warned "it should not be lightly assumed that the operation was for growth" until there is a "more precise bulletin".

Microscopic examination of parts of the "resected" lung area normally would take about three days, he indicated.

Dr. Clement Price-Thomas, the surgeon who performed the operation, arrived at mid-morning to join his colleagues.

The ceremonial changing of the palace guard was shifted from Buckingham Palace to St. James' palace in order not to disturb the king's rest.

On Library Board

CANTON, Sept. 25 (Special)—Joseph K. Vodrey of Canton, vice-president of Brush-Moore Newspapers, Inc., has been appointed by Governor Frank J. Lausche to a four-year term on the Board of Trustees of the Martha Kinney Cooper Ohioana Library at Columbus.

Presidents Tyler, Fillmore, Benjamin Harrison, Theodore Roosevelt and Wilson each had two wives. President Buchanan was a bachelor.

HEATING STOVE WANTED

This Review Want Ad Sold the Heater

WARM Morning stove, cabinet style. Heats 4-5 rooms. In good condition. $25. Phone Wells. 736-RX.

2 others still are looking for a similar offer. If you have a stove to sell and wish to reach these prospective buyers, Phone 45, ask for a Want Ad-Taker, have her insert an inexpensive ad for you. Phone your ad by 5:30 p. m. for the next day's paper. Reach these buyers right away while they are still interested.

OVER HER HEAD goes this jerkin of rayon duvetyn, worn over a blouse. The fabric holds its shape and sheds wrinkles.

Script Writers Commended

Screen Tests Held Here For Ohio Barbers' Movie

The East Liverpool Photographic Society turned its headquarters into a "movie" studio Monday night as screen tests were conducted before casting for the film to be produced for the Ohio Barbers Association.

Tested for possible roles in the production were Misses Mary Lou Woomer and Agnes Cleland and Joe Chestnut of the Tri-State Theater Guild and Miss Nancy Niblock.

Members of the Penhandlers, who wrote the script, were commended. The script was approved, with only a few minor changes, by a committee of barbers representing the state association at a session yesterday afternoon at photographic headquarters.

The visitors were Frank Blazina of Cleveland, president of the Ohio Board of Barber Examiners; Karl Moyer of Painesville, secretary; Nick Prelock of Cleveland, president of the Ohio Barbers Association, and E. M. Sanders of Akron, secretary-treasurer.

Clarence D. Wright of East Liverpool, vice-president of the association and chairman of the committee, was host to the group.

The half-hour movie will show what has been done in the way of sanitation for the protection of public health. Briefly, the plot deals with a barber for 50 years who convinces his grandson to follow in his footsteps and eventually turns the shop over to him when the older man retires.

Proceeds will be used by the Photographic Society for an ultra-modern darkroom, which the public may use.

Several other members of the Tri-State Theater Guild and the Penhandlers were guests last night.

Use Italy's Idle Plants, De Gasperi Urges West

WASHINGTON, Sept. 25 (AP)—Premier Alcide De Gasperi of Italy today urged the western powers to use his country's idle factories and manpower to turn out goods for the common defense.

Speaking to the National Press Club, the premier acknowledged that Italy is so poor in raw materials that "its existence for years, when viewed from a statistical viewpoint, has seemed an impossibility".

"Italy, however, has a rich resource in the ability and willingness of its industrious people to work," he said.

He said Italian factories could be used for defense production "in such a way that costs are less for you and at the same time the standard of living of our people is not lowered".

Former Wellsville Boy Suffers Wound

A former Wellsville youth suffered a wound in the right arm in a shooting accident Saturday near his home in Steubenville.

Ronnie Beresford, 16, son of Mr. and Mrs. Harry "Bud" Beresford, who moved with his parents to the steel city about eight years ago, is the victim. He attended McDonald School and is a junior at Steubenville High School.

He and two companions were returning from a hunting trip in the country. Beresford's loaded shotgun discharged from a jolt of the car and the shot pierced his arm.

Grandson of Mrs. Anna Beresford of Arthur Ave., Wellsville, he underwent surgery in Ohio Valley Hospital, Steubenville, and is reported in "fair" condition.

Teller Waits Grand Jury In Latest Embezzlement

PARKERSBURG, W. Va., Sept. 25 (AP)—Dennis Virgil Layfield, 34-year-old bank teller accused of embezzling $363,410 in bank funds, is in jail today on $50,000 bond awaiting action of the federal grand jury.

The F.B.I. said he has signed a statement admitting taking the money over a four-year period from the Wood county bank to invest in oil and gas ventures and "had stock deals".

He was charged at the arraignment, however, with embezzling only $50,000 of that amount.

The shortage was discovered while Layfield was on a vacation in Canada. He was arrested when he returned to work yesterday.

The quiet, unpretentious man lived in a modest two-story frame house with his wife and 4-year-old daughter.

If the set of instructions that comes with your electric cooking equipment states that the appliance needs to be oiled, be sure that you oil it.

A.F.L.

(Continued from Page One)

—Green, Secretary-Treasurer George Meany and Vice-president Matthew Woll—had to be brought into action to stem the sentiment toward the textile workers.

But debonair Anthony Valente, head of the textile workers, and his youthful secretary-treasurer, Lloyd Klenert, lost their fight to grab jurisdiction over the hosiery workers.

The 30,000 members of the hosiery group—the American Federation of Hosiery Workers—were voted a charter to come into the A.F.L. without the ancient ties with the textile union.

Resolutions calling for unity with the C.I.O. are ready for action. Delegates, feeling more confident than in many years over their bargaining position to bring back the junior federation, are expected to shout approval.

Both the A.F.L. and C.I.O. have standing committees authorized to negotiate a merger, but they haven't met for more than a year.

That was part of the reason for the A.F.L. leaders' sudden decision to break off the working relations of the U.L.P.C.—they realized that the C.I.O. was winning its point that co-operation had to be established before merger would be possible.

The A.F.L. has taken the opposite position—that organic unity, or physical merger, had to come first.

So the crafty A.F.L. leaders, sensing that the C.I.O. is now in the weakest position numerically that it has been since World War Two, decided to force the issue and break up the day-to-day co-operation at least at the top.

The A.F.L. reports more than eight million paid up members and privately claims more than a million affiliates who are getting by without paying the per capita tax.

The C.I.O., on the other hand, purged itself of 11 unions in 1949 and 1950, charging them with following Communist party lines instead of C.I.O. policy.

That lost the C.I.O. an estimated one million members, and best estimates now are that the C.I.O. probably has less than five million members.

On top of that, ailing Philip Murray has said he wants to step out of the C.I.O. presidency. That could plunge the younger federation into a cat-and-dog fight over a new leader.

Nothing Like Checking

FORTWORTH, Tex. —Clerks in the marriage license bureau here vote for an Olive View, (Calif.) man as "the world's most absent minded fellow". A former Fort Worth resident, the man wrote and asked clerks to check and see if he was married. The records showed he was—on Jan. 14, 1924.

The Chicago Board of Trade is the country's primary grain exchange.

JUST BEFORE THEY CROSSED WORDS. Stage stars Beatrice Lillie (left) and Tallulah Bankhead chat at London's Palladium theater just before going on the air in N.B.C.'s presentation of The Big Show. Later they crossed words in a duel which the audience awarded to Miss Lillie. Londoners received Miss Bankhead's presentation of the American brand of humor with icy calm, say reports. She was mistress of ceremonies in the first European performance of the weekly show, with a cast including Fred Allen.

County Teachers To Pick 2 Delegates

LISBON, Sept. 25 (Special) — The Nominating Committee of the Columbiana County Teachers' Association will meet Wednesday afternoon in the office of James L. McBride, county superintendent, to select two delegates to the Northeast Ohio Teachers' Association meeting Oct. 19 in Cleveland.

The committee also will prepare a slate of candidates from which teachers will select two delegates to the Ohio Teachers' Association convention Dec. 15-17 at Columbus.

Arizona was the 48th state to be admitted to the Union.

2nd 'Kamikaze' Pheasant Ends Up Dead In Bathroom

Emulating the Jap "Kamikaze" pilots of World War II, another pheasant picked on a bathroom window today with the same results as the "earlier bird".

The latest target was the home of K. D. Dotson, 313 Thompson Ave., who ended up with two broken windows, damage to a newly-painted window sill and a freshly-waxed bathroom floor. The ill-fated bird, who may end up on somebody's dining room table, broke a storm window at 7 a. m. today before sailing through the inner glass. The impact scattered glass all over an adjoining hall.

A roomer at the Dotson home had just stepped out of the bathroom, leaving the light burning, when the hen came winging out of the wild blue younder. Mrs. Dotson thought for a moment it was the coal man with a sudden delivery, while neighbors scurried around trying to discover the cause of the noise.

Police suggested the Dotsons eat the bird, and the family then suggested the officers partake but everyone declined.

Mrs. Mary Ketchum, 1581 Globe St., had a similar visitor which broke her bathroom window. This bird ended up at the City Incinerator.

Hunters now are considering setting up shooting blinds in backyards of local homes—they walk the fields for days ordinarily and never see a bird.

LOSES 105 LBS. Wears Size 12 Again

Mrs. Margaret Banko, 3630 Strathavon Rd., Shaker Heights, Ohio writes: "When I started taking Rennel I weighed exactly 220 lbs. Today I weigh 115 lbs. and my doctors check up is 100% in perfect health. I am 39 years old and now again wear a size 12 dress. I can honestly say I have never felt better. I am no longer troubled with that gas bloated feeling. I look much younger and feel full of pep. Words cannot express how thankful I am to Rennel."

It's amazing how quickly you can lose unsightly fat at home. Obtain liquid Rennel at your druggist, mix with grapefruit juice as directed and take two tablespoonfuls twice a day. That's all there is to it. If you do not lose weight with the very first bottle just return it for your money back. You need never know a hungry moment while reducing with Rennel.

By JOHN CROSBY

The Expansive Bert Parks

I can spot a trend as well as the next fellow, I keep telling myself, and the trend I have spotted—stand back, men, this is dynamite—is Bert Parks.

Bert Parks on Stop The Music. Bert Parks on Break The Bank. Bert Parks on a thrice-weekly afternoon show which is aptly named the Bert Parks show.

Some years ago the trend was Arthur Godfrey. Arthur Godfrey time. Arthur Godfrey and His Friends. Arthur Godfrey's Talent Scouts. Fears were expressed, during this phase of Mr. Godfrey's expanding economy, that he eventually would engulf all the Columbia Broadcasting System.

I was looking forward with some alarm to reviewing Young Dr. Godfrey, Our Gal Godfrey, Godfrey Goes A-Shopping and the rest of them. But the Godfrey expansion was finally halted conceivably by the antitrust laws. Now we have the Bert Parks meance.

—:—

THIS HAS got to be stopped. I can't be looking at Bert Parks all the time. My blood pressure is high enough as it is.

Where Godfrey confines himself to one network, Parks is generously distributed over two, N.B.C. possessing about twice as much Parks as A.B.C. This seems only fair.

Parks, who also emcees the Macy parade from time to time just to keep from perishing of inactivity, is a personable, high-voltage operator with a grin you can read by.

He originally sprang into prominence by giving away Cadillacs, mink coats and a 12 year's supplies of shaving cream on Stop The Music.

You might think this is easy, but it isn't. Parks can give away $20,000 with a flourish that no one else has ever quite matched. It's too bad, I keep thinking, that Park wasn't born a Rockefeller. Then all those millions could have been distributed in full sight of all of us on television.

Parks would have passed the moola around in bundles of $1 000 bills while buzzers sounded, lights flashed and Betty Ann Grove sang Millionaires Are Hard To Find in the background

But let's stop woolgathering Somewhere during his charitable activities, it was discovered that Parks had a distinct flair for comedy, a passable voice and, after taxes, a $40,000 personality, which is quite a lot of personality in the surtax brackets.

This led to the afternoon show, an enterprise in which Parks doesn't give away so much as a can of sardines. His hand wanders absently to his pockets now and then, but then he remembers and gets back to business.

—:—

THE AFTERNOON show is a very pleasant half-hour, and certainly an ambitious one for afternoon TV. It is awash with gimmicks, sight gags and elaborate song cues. And it is so strikingly informal that, as a gesture of respect, you ought to remove your shoes while watching it.

In the middle of a song, We Joined The Navy To See The World, Parks and his sidekick, Bobby Sherwood, a reformed bandleader, will arrange to have a near-sighted admiral walk overboard—"We lose more admirals"—and then go right on with the song.

It's a prank, really, rather than comedy, but then TV comedy is getting awfully prankish.

On the Parks show, they play the pranks on one another, Parks shooting arrows at Sherwood, Sherwood shooting them back. One of the chief victims is Betty Ann Grove, one of the fairly permanent members of Parks' entourage, who has been asked to do everything except ride elephants to put a song across.

She's a remarkably good-natured and terribly agile girl and so far has escaped serious injury, though I wouldn't gamble a farthing on her if I were an insurance company. Like Parks, she is talented in all directions—songs, dances, gags—an. I expect, she could run the roulette tables in an emergency, too.

My only complaint about Parks—and, for that matter, about his show—is that he is occasionally overwhelmed by his own cuteness.

Come to think of it, the whole industry is obsessed with that word "cute"—everything's got to be cute now—and I wish they'd cut it out and grow up.

After all, television is five years old now It's a big boy.

10,000 Resume Work On New Atomic Plant

PADUCAH, Ky., Sept. 25 (AP)—Approximately 10,000 workers, idle for three days because of a strike, returned to work yesterday at the Paducah atomic plant construction site.

The workmen had been idle because of a strike of 300 sheet metal workers.

IKE INSPECTS BRITISH TROOPS. General of the Army Dwight D. Eisenhower has an informal chat with members of the British Seventh Armored Division, the "Desert Rats", on maneuvers in Hannover, Germany. He told them: "There are some units old soldiers never forget."

19 Marked For Defeat

Senators On 'Enemy' List Challenge A.F.L.'s Power

WASHINGTON, Sept. 25 (AP)—Republicans placed on the American Federation of Labor's roll call of its enemies today challenged the ability of labor leaders to sway the union membership in 1952 elections.

Nineteen senators, five of them southern Democrats, were labeled "short-sighted and anti-labor" by Joseph D. Keenan, retiring director of Labor's League for Political Education, the A.F.L.'s political arm.

Keenan told the A F.L. convention at San Francisco yesterday that the 19—all prospective candidates for re-election next year—are "the men who gave you the Taft-Hartley bill". He described that measure as a "time bomb" he said could "destroy the labor movement".

Senators Bricker of Ohio, Flanders of Vermont, Cain of Washington and McCarty of Wisconsin, all named on the A.F L. national leaders are off the beam so far as their individual states are concerned.

McCarthy said he doesn't think state leaders will be dictated to by the national group. "They will vote for what's good for America," McCarthy declared.

Bricker said the people of Ohio "never have taken dictation from labor bosses yet". He said he is for labor, despite what the "arrogant bosses" of the unions say.

Flanders said he enjoys "good" relations with the Vermont A.F.L. and thinks the national leaders made a mistake.

Cain said laboring people know the Taft-Hartley law has "done them no injury" and thus discount the complaints of their national chiefs

Senator Brewster of Maine asserted that "under the Taft-Hartley act more working men have more jobs at more wages than ever before in history".

Senator Williams of Delaware said he thinks the A F.L. is "foolish to make the law an issue", since such tactics haven't paid off politically in the past

Senators Smith of New Jersey and Martin of Pennsylvania took the position that their records support their contention they have always been for labor.

Senators O'Conor (D) of Maryland, Holland (D) of Florida, Byrd (D) of Virginia and Knowland (R) of California, included on the A.F.L. list, didn't want to comment. Keenan described Byrd as "dean of all the Dixiecrats".

Senators Connally (D) of Texas, Stennis (D) of Mississippi, Butler (R) of Nebraska, Jenner (R) of Indiana, Kem (R) of Missouri, Ecton (R) of Montana and Watkins (R) of Utah weren't available for immediate comment.

Among 33 senators expected to be candidates next year, the A.F.L. found only nine Democrats and five Republicans whose records were satisfactory to it.

The Democrats are Senators Benton of Connecticut, Chavez of New Hampshire, Kilgore of West Virginia, McFarland of Arizona, McKellar of Tennessee, O'Mahoney of Wyoming, Pastore of Rhode Island, Moody of Michigan and Underwood of Kentucky.

The Republicans are Ives of New York, Langer of North Dakota, Lodge of Massachusetts, Malone of Nevada and Thye of Minnesota.

Ives and Thye at one time were on the list of A F L. enemies, but in successive announcements their names were removed. Keenan said they should still have been on it and would have been except for his own slip of the tongue.

Texas white-tailed deer seldom weigh more than 100 pounds.

Exchange Club Urged To Help In Bond Vote

Group Hears Betts After Screening Of Movie For Schools

Members of the Exchange Club were asked to serve as "missionaries" to solicit votes for the new school building program after viewing "Your Home Town", the color film promoting the $2,725,000 bond issue at the weekly meeting Monday afternoon at the Travelers Hotel.

Superintendent Ralph W. Betts, who discussed the program on behalf of the Citizens' Committee for Better Schools, commented:

"It's nothing short of a crime that your children must attend classes in buildings shown in the movie.

"Frankly, I breath a sigh of relief each day at 4 p. m. to think that the children are out of the structures."

He explained the committee's big job is to find a method for enough people to see the film

"New schools are only a good, sound buusiness investment. We talk about new industries, but one of the first things a new industry looks at is the adequacy of the school program.

"The situation here is not unique, but other places—Lisbon, Boardman, Martins Ferry and the Beaver Local District—have started to meet the need. "We have progressed in everything but schools."

Asked about the need for a Senior High School, the superintendent said a modern high school would require the entire amount of the bond issue. Two Junior High School buildings and a downtown elementary building planned.

He pointed out youngsters still would be required to attend the five old buildings shown in the movie if only a new high school was constructed.

Mimeographed sheets explaining the needs for the program were distributed.

Betts introduced Leo C. Lawrence, general manager of the school campaign, and George Pretty, who was in charge of the film production.

Betts was introduced by Elmer Eiferd, president. Fred Yonz was program chairman.

Churchill Party Warned Against 'Dewey-ism'

LONDON, Sept. 25 (AP)—Winston Churchill's Conservatives, favorites to win the Oct. 25 national election, have been warned against "Dewey-ism".

The wife of party chairman Lord Woolton defined "Dewey-ism" as a state of complacency induced by public opinion polls.

"Polls are not always correct, as was shown in America in the race between Mr. Truman and Mr. Dewey," Lady Woolton told a meeting of women Conservatives.

The polls say the Conservatives are due for an easy victory. In the early betting they are favored at 4 to 6.

MINNEAPOLIS BOUND. All the way from Israel, polio victim Ahser Novak is wheeled from an Air Force plane at New York en route to the Sister Kenny institute in Minneapolis. Wheeling him is his mother, Mrs. Tavel Novak.

Advertising Rates Must Be Raised, Newsmen Warned

ST. LOUIS, Sept 25 (AP)—Newspaper advertising rates eventually must be raised to meet growing economic pressure, the Institute of Newspaper Controllers and Finance Officers has been told.

T. F. Mowle, first vice-president of the institute and a delegate from the Wall Street Journal, cited the need for "more dollar revenue".

"Somehow," Mowle declared, "the newspapers will have to obtain this additional revenue—and in a year or two."

He indicated one of the chief drawbacks in the advertising picture is that newsprint and labor costs mount faster than newspapers are able, through contract, to boost advertising rates.

About 150 delegates from the U.S. and Canada are here for the three-day meeting of the institute which opened yesterday.

In Preparation For 37th

'Critical' Housing Label Slated For Camp Polk

WASHINGTON, Sept. 25 (AP)—The region around Camp Polk, La., definitely will be recommended by the Army for certification as a critical defense housing area, a Defense Department official said today.

This official told a reporter the Camp Polk situation has a "high priority" and will be one of the first cases considered by Army authorities.

The 37th Infantry Division, Ohio National Guard, is scheduled to move into Camp Polk for training after the first of the year. It was alerted for federal service nearly two weeks ago.

Families of many of the Ohio Guardsmen are expected to follow their menfolk to the training area, near Leesville, La.

A Senate preparedness subcommittee, which has been probing below-standard housing and rent gouging of military personnel reported last night that the Camp Polk situation is "another example of deplorable housing conditions inevitably resulting from the sudden influx of large numbers of servicemen into relatively small communities".

The subcommittee applauded Mayor R. J. Feritta and other citizens of the Leesville and Camp Polk area for having done "yeoman work" at "great personal cost' in providing lacking accommodations for servicemen.

But, the report added, "their efforts could not possibly make provision for five times as many men as the area could reasonably house".

"Thus, the way was paved for those who stood ready to profit from the unfortunate plight of their fellow men".

The Defense Department official said the Army made a national survey of areas around its camps and posts in July.

On the basis of a detailed army report on Camp Polk, the official said, that area is regarded as one of the "urgent cases" for critical designation.

The Army recommendation goes to the secretary of defense, who—in conjunction with the defense mobilizer—then declares an area critical.

Such action paves the way for relaxation of credit restrictions on housing and possibly imposition of rent controls.

Representative Bender (R) of Ohio disclosed that he has written both Defense Secretary Robert A. Lovett and Defense Mobilization Chief Charles E. Wilson, urging that "immediate steps" be taken to declare the area critical.

He stressed there is a minimum need of 400 housing units near the camp to relieve a "definite shortage of housing accommodations".

Bender said he was assured by Ralph A. Kaul, chairman of the inter-agency committee on critical defense areas, that "necessary" action will be taken.

Bender said he plans to meet with Chairman Vinson (D) of Georgia of the House armed services committee to enlist his support.

"There's nothing the committee can do legislatively," Bender said, "but it can bring pressure to bear on the proper officials."

Representative Larcade (D) of Louisiana, whose district lies just to the south of Camp Polk, pledged his help in the drive to get more housing into the area.

"It's up to us to see at least that the necessary facilities are provided for the Ohio men when they go down to Louisiana," Larcade told a reporter.

Asked why the 37th was assigned to Camp Polk, Major General Raymond H. Fleming, chief to the National Guard Bureau, told a reporter it was one of two training sites available.

The other, Camp Cook in California, is the destination of the 44th Infantry Division of Illinois, which was called up at the same time as the 37th was alerted.

Fleming pointed out that the 45th Division from Oklahoma, which trained at Camp Polk, and the 40th Division of California, which was conditioned at Camp Cook, both now are overseas. They left for Japan in May.

The general, who is commanding general of the 39th Division from Louisiana and Arkansas, said he has been to both Camp Polk and Camp Cook and he described them as "fine posts."

Fleming said there are "all kinds of training facilities" at Polk. He was particularly enthusiastic about the big firing ranges, the extensive terrain, "great cold storage facilities" for keeping food and "exceptionally good on-post housing for the troops".

On the question of housing for relatives of the troops, Fleming said that he visited the 45th while it was in training at Polk and never heard any complaints.

He said the housing problem "naturally" is greater when large bodies of troops move into an area, but he noted that this always has been so and that the situation is not peculiar to Camp Polk.

The head of the National Guard Bureau said the 37th is rated as "one of the best divisions" organized.

No decision has been made on where the 37th and 44th will go, Fleming continued, "except to training camp".

National Guard Bureau officers will not predict how long the 37th will remain in training, but they pointed to the experience of the 45th, the 40th, the 28th Pennsylvania and the 43rd Division of New England for a possible inkling.

These outfits were given about seven months training before getting marching orders.

BUDENZ SPOTLIGHTS RED EVILS. Speaking to students at Fordham University in New York, Louis Budenz, former managing editor of the Daily Worker, presides at his new course in Techniques of Communism. The purpose of the class is to show students how to fight the Red menace through understanding the methods and motives behind the Communist conspiracy.

Rent Profiteering Held 'Local Matter'

WASHINGTON, Sept. 25 (AP)—Local communities must provide the final solution for housing shortages which lead to "shameful profiteering" at the expense of servicemen at big posts in this country, a Senate subcommittee says.

But Congress and the government "must give those communities every legitimate aid within our power", an armed services subcommittee on preparedness headed by Senator Johnson (D) of Texas said.

The group's report came after an investigation at 16 Army, Navy, Air Force and Marine training camps.

It was a follow-up to an earlier inquiry which covered three installations. Johnson said the second inquiry was made to determine the extent of "this shameful profiteering from American servicemen". He added:

"There can now be no doubt that it is widespread—so widespread that corrective action must be taken."

The subcommittee said one of the "worst situations" it found was in the area around Camp LeJeune, N.C., a Marine training base. Even some Marines were found to be gouging their fellows on rents, the report said.

Named By Ohio Bell

CLEVELAND, Sept. 25 (AP)—The Ohio Bell Telephone Co. today announced the appointment of John C. Heiskell as general advertising manager. Heiskell, who has been public research manager, succeeds Anson F. Hardman, who is retiring after 27 years service.

Excess Profits Slash Fought By O'Mahoney

Senate Debate Rages On Over Boost, With No Vote In Sight Yet

WASHINGTON, Sept. 25 (AP)—Senator O'Mahoney (D) of Wyoming claimed "a good chance" today to eliminate reductions in proposed excess profits taxes on corporations from the new tax bill being considered by the Senate.

The bill would boost federal taxes—largely personal and corporation income taxes—an estimated $5,506,000,000 a year.

It was the sixth day of Senate debate over the big tax increase. Despite urgings of administration leaders for speed, a final vote is not yet in sight.

O'Mahoney told a reporter he will base his case against lightening corporation excess profits taxes voted by the House largely on his three claims that:

1.—"The excess profits tax is not yet a year old and Congress should wait to find out what its effects have been before any changes such as those recommended by the finance committee are made.

2.—"The taxpayers on whom it falls are amply able to pay the tax.

3.—"The government, in a struggle for survival of the free world, needs the revenue."

The senators got past one hurdle yesterday, approving by a voice vote a provision which the finance committee estimated would add $10,000,000 a year to federal taxes on co-operatives.

This section would impose the corporation income tax on earnings of co-operatives which have been neither distributed nor allocated to members.

Senator Williams (R) of Delaware led a three-hour floor fight against the provision.

He urged fewer tax exemptions for certain co-operatives. He said they now get exemptions on earnings which never may be distributed to their members.

After a sharp exchange between Williams and his fellow Republican, G.O.P. Policy Leader Taft of Ohio, the Senate smothered, 72 to 7, an amendment Williams sponsored to tighten the tax exemption rules for co-operatives.

Taft contended the language of Williams' amendment and the Delaware senator's explanation of it did not agree.

He shouted that if Williams did not "know enough to write" an amendment so it would achieve his goals, he should withdraw it.

Williams snapped back that Taft had not read the amendment as carefully as a senator should.

Senator Hickenlooper (R) of Iowa backed the theory of Williams' amendment.

He said some co-operatives function as "almost monopolies" whose farmer members are "at the mercy of their boards of directors". These co-operatives, Hickenlooper contended, get tax exemptions by earmarking huge sums for distribution to members as dividends, although, he said, their farmer members never receive the money.

The Senate also voted, 60 to 19, to tax undistributed earnings of mutual savings bank and building and loan associations. The normal corporation tax would apply. The levy is estimated to yield about $140,000,000 a year.

Coastal fog signals were, until the middle of the 19th century, practically unknown.

Kidney Slow-Down May Bring Restless Nights

When kidney function slows down, many folks complain of nagging backache, headaches, dizziness and loss of pep and energy. Don't suffer restless nights with these discomforts if reduced kidney function is getting you down—due to such common causes as stress and strain, over-exertion or exposure to cold. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

MAC AND ADMIRER. Visiting Pennsylvania for the first time since World War Two, General Douglas MacArthur gave a warm greeting to Douglas Enke, 10, of Ephrata, Pa., as the boy saluted MacArthur during the latter's visit to Allentown.

Pietranton Receives Stay On Prison Term

NEW CUMBERLAND, Sept. 25 (Special)—A delay in transcribing the record of his long trial gave Frank A. Pietranton a 60-day stay in starting a 1-5-year prison term.

The former Hancock County prosecutor was convicted in Brooke County Circuit Court last June of fraudulently converting to his own use $2,833.33 obtained for a client.

Judge J. P. O'Brien at that time granted a 90-day stay of execution to permit an appeal to the State Supreme Court.

Pietranton was removed as prosecutor following his conviction. He is free on bond pending appeal.

Animal Blood Plasma Used On Jap Patients

TOKYO, Sept. 25 (AP)—The claim of a Japanese research physician that he successfully has used animal blood plasma in transfusions to more than 600 human patients caused a flurry of interest here today.

Dr. Kunio Kawaishi of the Kawaishi Clinical Institute of Hiroshima Medical College told a medical meeting in Tokyo that he effectively uses the processed plasma of cows, horses and pigs when patients require transfusions.

He made his statement before the reputable Japan Epidemics Institute, an association of physicians from all sections of this country.

Dr. Kawaishi said he adds formalin and caustic soda to animal plasma and also uses a heat process. In occasional cases, he noted, the animal plasma caused slight ill effects, such as rash or vomiting.

He found his plasma "especially effective" after operations, in burn cases and in treatment of patients who lost blood through knife wounds. The newspaper Yomiuri quoted the physician as saying he found "practically no difference" in results obtained as compared with human blood plasma.

Texas raised more wild turkeys than any other state.

FANCY PASSING

Johnny Lujack first hit the country's headlines in college football and then went to further glory with the Chicago Bears. His phenomenal passing in 1949 netted him 2,658 yards — or, roughly, a mile and a half. Johnny tells us he gets pretty good mileage in his car which he always keeps in tip-top condition. "I like something I can depend on — that's why I use 'Prestone' anti-freeze in my car," says Johnny. "I put it in and forget about it right on into Spring. I know my radiator won't freeze up in bitter cold... and it won't boil over, no matter how warm it gets between cold spells. It's *tops!*" One shot lasts all winter. No other anti-freeze gives you the same degree of protection as "Prestone" brand anti-freeze.

You're SET
One shot lasts all winter!

You're SAFE
No rust...no foam... no freeze...no failure!

You're SURE
No other anti-freeze gives the same degree of protection!

Potters Tackle New Philly Friday In First Of Two Road Trips

Undefeated Midland, Salem Face Acid Tests

East Liverpool's Potters, nursing the bumps received in the Steubenville Big Red setback, will be on the road for the next two weeks.

Friday night, in the top game of the district, they will trek to New Philadelphia for their annual scuffle with the Quakers. It'll be the 29th meeting of the two schools with the New Philly gridders showing an edge in the series, 19 victories to eight for the Potters with one a tie. Last season the Potters dropped a 25-13 decision to them.

A week from Friday, the Blue and White will make the long hop to Toledo for their second joust with Devilbiss, an outfit that pinned a 20-13 reverse on the Wattsmen here a year ago.

Only three area teams are claimants of an unbeaten status with the season just two weeks old. They are Midland, Salem and East Palestine. Two of these—Midland and Salem—will undergo rigid tests Friday night, while the third—East Palestine—has an open date.

The Leopards, with only a 0-0 tie with California to blot their record, will buck a rough Burgettstown eleven on foreign sod, while the Quakers tackle an invading Youngstown South eleven. Each survived tests last week, Midland downing Beaver, 13-0, and Salem pushing aside Ravenna, 33-13. Palestine rolled over Sebring, 39-13.

Wellsville's Bengals take on a visiting Wintersville combine Friday night at Nicholson Stadium after breaking into the victory column Saturday night with a 27-0 conquest of Chester.

In other Friday night skirmishes, Lisbon, toppled by Minerva, 13-6, will invade Niles, Leetonia, trounced by Louisville for the Bears' second straight reverse, goes to McDonald, while Columbiana, set down, 20-0, by McDonald, travels to North Lima.

Afternoon games Friday will find Scio at Salineville and Fairfield Township at Hopedale in six-man team engagements.

Chester and Newell will have Saturday dates with the Panthers, dumped twice in as many starts, opening the home season with New Cumberland furnishing the opposition in an afternoon game.

Newell, winner of two straight after a loss in the opener, will trek to Dillonvale for a Saturday night game with Mr. Pleasant.

District Grid Games

Friday

East Liverpool at New Philadelphia.
Wintersville at Wellsville.
Midland at Burgettstown.
Youngstown South at Salem.
Lisbon at Niles.
Columbiana at North Lima.
Leetonia at McDonald.
Scio at Salineville.

Saturday

New Cumberland at Chester.
Newell at Mt. Pleasant.

New Philly Backs Great, Scouts Report

Reports brought back by scouts who watched New Philadelphia mop up Coshocton, 26-6, last week indicate the Potters will have their collective hands full when they meet the Quakers at New Philly Friday night.

They have a pair of great backs in Miller, powerful fullback, and Richards, fast and shifty right half, not to mention Lewis, a good left halfback, Scouts Doyle Nutter, Lou Venditti and Bill Shaler informed Head Coach Wade Watts of the Potters.

About the only thing they lack is Dave Leggett, the all-Ohio quarterback who personally nipped the Potters here a year ago. But they have a pair of good ends, a big tackle and fine guards, the scouts reported.

The triumph over Coshocton followed the Quakers' 31-0 victory over Uhrichsville in the opener and ran their victory streak to 15 straight extending back to the 1949 season. They were tied once last season.

Meantime, Coach Watts began drilling his Potters, both on defense and offense. He announced Charles "Chuck" Ward, held out of the Steubenville game because of a knee injury, will be back at his quarterback post for the New Philly game.

Other members of the squad are in good condition, he reported, despite the bruising battle with the Big Red. Clair Williams, 135-pound right halfback who was shaken up in the Big Red game and spent Friday night in the hospital for observation, was termed physically fit.

Ex-Liverpool, Newell Gridders On College Squads

A former East Liverpool gridder, one from Newell and one from Salem are candidates for berths on collegiate elevens this Fall.

Hugh Chronister, quarterback for two years and captain of the 1950 Potter team, seeks the blocking spot as a plebe at Baldwin Wallace. The 18-year-old blocker weighs 170, about 10 pounds heavier than his playing weight in high school.

Jack Wheatley, former Newell three-sports star, is a backfield aspirant at Bethany College. A sophomore, Jack stands 6-2 and weighs 180.

Jim Ference, fullback on the 1949 and 1950 Salem elevens, is a candidate for that post as a freshman at Heidelberg College. He stands an even 6-foot and weighs 175.

Canfield Reschedules Race For Wednesday

YOUNGSTOWN, O., Sept. 25 — The 100-lap Grand National short track championship has been rescheduled for Wednesday at the Canfield Speedway. A heavy rain Saturday night forced postponement of the model car race.

Warren's 45-6 Victory Outstanding

By FRITZ HOWELL

COLUMBUS, O., Sept. 25 (AP) — Long runs, sensational passes and scoring sprees popped up on Ohio's scholastic gridirons last week end, but the most awe-inspiring feat was manufactured by Coach Chuck Riffle's Panthers of Warren.

The Panthers, defeated in their opener, turned everything topsy-turvy by whaling mighty Canton McKinley, 45-6. It was the most humiliating defeat absorbed by the Bulldogs since 1931 when Steubenville was a 46-4 victor, and Warren's 45-point total was its greatest since 1938.

Massillon's three-time state champs clung to the top rung in the weekly Associated Press poll, with Hamilton second and Springfield third, but Warren's mighty effort lifted the Panthers from nowhere to a fifth-place tie with Steubenville. McKinley, held to a lone first down and three yards net from scrimmage, fell from fifth place to among the also-rans.

McKinley's lone marker came on a 95-yard kickoff return by Larry Wise, but Dave Rogers of Warren offset that with touchdown runs of 62 and 58 yards within an 85-second period. A crowd of 7,000 Warren fans went wild.

The week's highlights:

Warren St. Mary's shared the spotlight, winning its 10th straight, 26-6 over Poland. . . .Hamilton's Big Blue scored on plays covering 97, 57, 68, 45, 45, 14, 30 and 30 yards in rolling over Steubenville Central, 53-0, with End Phil Lillard catching Bob Lake passes for 97, 57 and 45 yards, and Dick Heasley running a kickoff back 68 yards. . . .Hamilton has scored 112 points to 0 for two opponents. . . .Springfield has the same total, but allowed Toledo Woodward to score in Friday's 59-7 romp. . . .Springfield is having 1952 schedule troubles, needing games for Sept. 19, Oct. 10 and Nov. 7 next year.

Bellaire St. John's may run out of time one of these days. . . .The Saints scored in the last five seconds in their opener on a Willard Souillard to Bill Colmar pass to tie Canton South, 12-12. . . .And Saturday, in the last 11 seconds, the same pair completed a 71-yard pass play to whip Springfield Catholic, 13-12.

Middletown whipped Cincinnati Walnut Hills, 50-6, finally avenging a 56-0 setback suffered in 1913. . . .Middie Captain Jerry Harkrader went 88 and 86 yards for his fourth and fifth touchdowns of the campaign. . . .Sandusky was penalized 105 yards and Elyria 100 as the former eked out a 20-19 win on Chuck Acierto's pair of extra points.

First place Massillon and Steubenville tangle this week. . . .And the Big Red hasn't whipped the champs since 1931 when they did it 67-0. . . .Boundin' Benny Bunch, Steubenville's 155-pound fullback, went 72 and 48 yards for scores in the 25-6 win over East Liverpool. . . .Massillon's 42-6 win over Cincinnati Elder made it 16 straight.

Scio's 23-game winning streak (at six-man football) ended when Hopedale won, 46-26. . . .Halfback Rich Telfer of Adena scored on runs of 73, 70 and 50 yards in whipping Mt. Pleasant, 44-0. . . .Portsmouth's once-mighty Trojans fell again, 52-0, to Cleveland East Tech as Herb Bruns scored thrice on long runs.

Carl Brown, 180-pound Washington C. H. halfback, romped for four touchdowns against Jackson, one for 74 yards. . . .John (Big Thunder) Lewis of Fremont Ross gained 176 yards in the 14-7 win over Lorain, but he's expecting trouble this week when he runs into Fostoria's highly-touted Jimmy Johnson. . . .8,500 fans saw Mansfield break a four-game losing streak by tripping Cleveland East, 14-0.

Bill Hentorne of Cardington has eight touchdowns and seven extra points for two games. . . .And Ed Applegate of Perrysville's six-man outfit has 10 touchdowns in a pair of tilts. . . .Dick Shatto of Springfield has scored three times in each game this year, and is rated as one of the state's outstanding passers. . . .You can't buy a ticket for that Steubenville - Massillon game, which finds Roy Hoyman—Paul Brown's first center at Massilon—sending his team against his alma mater.

Lima Central is rolling at 38 points per game. . . Lima Shawnee lost its first since 1949 by 13-12 to Spencerville. . . .Touchdown runs of 81, 98 and 92 yards gave the Boys' Industrial School a 19-6 win over Athens. . . .Circleville is proud of Bill Gillis, a 225-pound tackle. . . Chauncey-Dover's Hubert Bobo, who got all 27 points in the opening game against Nelsonville, came back for 26 against Pomeroy. . . .Wellston's Buddy Jayjohn made the 26-13 win over Oak Hill a one-man affair as he scored three touchdowns.

Massillon Holds Lead

COLUMBUS, O., Sept. 25 (AP) — Ohio's newspaper and radio sports editors rate the state's high school football teams like this at the end of the second round of games (first place votes in parentheses, points on 10-9-8-etc. basis):

Teams	Points
Massillon (12)	185
Hamilton (4)	165
Springfield (2)	107
Middletown (0)	87
Warren (0)	60
Steubenville (0)	60
Barberton (0)	53
Toledo Waite (0)	36
Fremont Ross (0)	30
Cleve. East Tech (0)	29

Others: Sandusky (1) 26, Lakewood 20, Lima Central 17, Cleveland Collinwood (1) 6, Alliance 14, Mansfield 13, Dayton Fairmont 11, Elyria 11, Canton Lehman 9, New Philadelphia 8, Lima South 8, Columbus West 8, Washington C.H. 8, Columbus South 8, Columbus Central 8, Cambridge 7, Cleveland Benedictine 7, Cincinnati Central Vocational 7, Newark 6, Cleveland Rhodes 6, Louisville 6, Wilmington 6, Toledo Scott 6, Canton South 5, Fostoria 4, Youngstown South 4, Zanesville 4, Cincinnati Purcell 4, Canton Lincoln 4, Franklin 4, Dayton Kiser 4, Canton McKinley 3, Cincinnati Elder 3, Delaware Willis 2, Chillicothe 1, Lorain 1, Wintersville 1, Youngstown Wilson 1, Bryan 1.

EARLY SERIES BIDDER. A Dodger rooter, Harvey Glickman, 3, of Brooklyn, N. Y. is first in line to put in his reservation for the World Series at the Brooklyn Baseball Club office. Harvey's dog Pennant waits during the transaction.

Bucks Pray For Rain For SMU Battle

COLUMBUS, O., Sept. 25 (AP) — Ohio State's gridders, who dropped the 1950 finale to Michigan in a blizzard, are hoping for rain for Saturday's opener with Southern Methodist.

Coach Wayne Woodrow (Woody) Hayes, making his debut at the Buckeye helm, is convinced a steady downpour would be a pretty fair defense against the passing prowess of long Fred Benners, ace pitcher of the Mustangs.

The Lone Star thrower gave the greatest aerial exhibition in Ohio history in last year's inaugural. He connected for four touchdowns—three in the last 11 minutes—to overcome a 27-13 deficit and turn it into a 32-27 conquest.

Last Saturday, against Georgia Tech, rain balked Benners' attempt to turn the same trick as the Mustangs absorbed a 21-7 setback. But Hayes, looking at Benners' 1950 record of 109 completions in 108 minutes of play for 1,361 yards, realizes the danger on a dry track.

Ohio State, picked by the experts for the Big Ten championship and third place in the national picture, is loaded with talent and intense speed.

A little over a week ago the Bucks lost junior Fullback John Hlay, 212-pound line crasher, in a bar-room brawl, but two others have stepped in to fill the gap. Hlay, who pleaded guilty to assault and battery and resisting an officer when arraigned in police court, gets a hearing before the Buckeye Athletic Board today which may result in lifting of his suspension, or erasing him for the rest of the season.

With Hlay definitely out of the Mustang melee, Hayes is depending on junior Bob Koepnick of Dayton, a 187-pound speed merchant, and Jack Wagner, a 189-pound senior from Troy.

Rated off Saturday's scrimmage, Wagner will get first call at the offensive berth, but Hayes said Koepnick would be "used plenty".

Meanwhile the Bucks are taking it easy, with no more scrimmage scheduled before the game.

"We're even letting up on pass defense," Hayes said. "Our kids like to go after that ball, and we can't have them getting hurt before the game. We'll have to be at top strength, and go all out, if we're to give that Benners a bad afternoon.

The big Buckeye horseshoe is sold out, assuring a crowd of 79,000 or more for Saturday's struggle.

Mackall Loft Wins Liverpool Club Race

The Mackall left won the pigeon race flown Sunday from Newark by the East Liverpool Homing Club. Broadbent was second and Sharkey third.

Race in yards per minute:

Mackall 1333.04; Broadbent 1305.38; Sharkey 1234.17; H. Brookes 1199.00; W. Brookes 1174.68; Gerace 1170.64; A. Rice 1158.76; E. Miller 1132.99; Giovenco 1095.08; Papendry 1085.15.

Moore Hurls Challenge At Lightheavy Champ

PHILADELPHIA, Sept. 25 (AP) — Come out and fight wherever you are, Joey Maxim.

That was the challenge Archie Moore hurled last night after he smashed 22-year-old Harold Johnson of Philadelphia into bloody submission at the arena here.

The hard punching veteran, 35, from St. Louis gave young Johnson a lesson how to cut an opponent to pieces methodically.

Don Stonesifer and Bob Nowicki, former gridmen at Northwestern, are linemen with the Chicago Cardinals.

DeMarco Wins 15th

CHICAGO, Sept. 25 (AP) — Paddy DeMarco of Brooklyn, ranked third nationally in the lightweight bracket, pounded out his 15th straight victory last night with Mexico's Enrique Bolanos the victim.

It Would Take One

Giants, Indians, Red Sox Waiting For Miracle To Happen To Win Flag

By JOE REICHLER
Associated Press Sports Writer

Three teams today are waiting for a miracle to take place—for only by such a phenomenon can the New York Giants, Cleveland Indians or Boston Red Sox win a pennant.

Leo Durocher and his Giants apparently believe in miracles. They are staying stubbornly alive when they must know they should be dead.

Yesterday, while Brooklyn Manager Charlie Dressen was announcing Preacher Roe as his pitcher in the World Series opener, the relentless Giants chipped another half game off the Dodgers' National League lead with a 4-3 triumph over the Boston Braves. All other teams were idle.

Brooklyn now leads New York by two and a half games, its smallest margin since the opening week of the campaign. Since the Giants started their frantic and seemingly hopeless chase on Aug. 16, they have chopped 11 games from the Dodgers' once huge lead. The Giants have won 33 of 40 since then for an amazing .825 gait.

The Giants' victory left the clinching combination for the Dodger at four. Brooklyn has seven more to play, four in Boston and three in Philadelphia. A twi-night twin bill in Boston is on tap for tonight. The Giants' four remaining games are divided between Philadelphia and Boston. They face Robin Roberts (21-12), the Philly ace, tonight.

The New York Yankees can clinch their 18th flag Friday. A victory over the Philadelphia Athletics this afternoon and a sweep of Friday's double-header with the Red Sox, all at Yankee Stadium, would finish off the Indians and Red Sox with mathematical certainty.

The Yankees' clinching number is three. That means all they have to do to capture their third straight pennant is play .500 ball in their remaining six games regardless of what the Indians do in their three games. Of course, that would sink the Red Sox, with whom they play five of their six games.

Casey Stengel, cagy Yankee pilot, has named Bob Kuzava to oppose the Athletics' Bobby Shantz today. This was to be Kuzava's first start in six weeks. He has been used exclusively in relief of late. Shantz (17-9), is the A's top pitcher. He has knocked off the Yankees three times.

Early Wynn, one of Cleveland's three 20-game winners, is slated to clash with Billy Pierce of the White Sox tonight in Chicago. Wynn has won his last four. In Washington, it will be Bob Porterfield of the Senators against Rookie Leo Kiely of the Red Sox. Porterfield owns a pair of three-hit victories over the Yankees and Indians.

A two-out singly by Eddie Stanky in the last of the ninth drove in Davey Williams with the run that gave the Giants their third victory over the Braves in as many days. It was the Giants' last home game of the season.

Dave Koslo, who came to the rescue of starter Sheldon Jones in the sixth, was credited with his 10th victory. Lefty Chet Nichols, 20-year-old rookie, went all the way and was charged with his eighth defeat.

Each team got two unearned runs and they went into the sixth tied at 2-2. The Braves took a 3-2 lead in the sixth on singles by Earl Torgeson, Sid Gordon and Walker Cooper. The Giants re-knotted the score in their half on singles by Bobby Thomson and Monte Irvin and Whitey Lockman's forceout.

Don Mueller opened the Giants' ninth with a single and moved to second on Billy Rigney's sacrifice. Pinch-Hitter Ray Noble popped out but Stanky smashed the game-winning hit off Third Baseman Sibby Sisti's glove. It was the Giants' 12th victory in 20 meetings with Boston.

Liverpool Freshmen Open Season Oct. 3

Coach Lou Venditti's Liverpool plebe gridders will open the 1951 season Oct. 3 against the Chester High reserves at Patterson Field. The kickoff is scheduled for 4 p. m.

In two years at the helm of the Little Potters, Coach Venditti shows a record of 10 victories against three losses and two ties. His 1950 eleven won four, dropped two and tied one.

College Football

St. Vincent 68, Salem 6.

Northside, Downtown To Tangle Thursday

Northside and Downtown will clash Thursday afternoon at 4:15 at Patterson Field in the opening game of the East Liverpool Grade School Football League.

East End, champs last season, drew a bye in the three-team loop. The defending titlists are coached by Eddie Ossoski. Northside by Bill Shaler and Downtown by Jim Proctor.

Browns Fly To Coast For Loop Opener

CLEVELAND Sept 25 (AP)—The Cleveland Browns are flying to San Francisco today for the first defense of their National Pro Football League Championship

Upwards of 50 000 are expected in San Francisco s Kezar Stadium Sunday to watch the champs take on the 49ers in the first league game of the season for both teams

The Browns now have 34 men on their roster—one more than allowed at game time Coach Paul Brown announced that two first yearmen—Fullback Harry (Chick) Jagade and Don Shula a defensive halfback—have made the team

The 49ers furnished Cleveland s main opposition in two of the four years the All America Conference was going But they wilted their first year in the National League While the Browns were taking the crown last season the 49ers were finishing sixth in the league s National Conference with a record of three wins and nine losses One of the losses was to the Browns 34 14 Cleveland cashed in on fumbles for two touchdowns and two field goals and on an intercepted pass for another touchdown

Coach Lawrence T (Buck) Shaw holds things are better for the San Franciscans this year In exhibitions his team has won four and lost one The Browns have the same record

In addition to Frank Albert Shaw now has Y A Tittle as a passing quarterback Tittle formerly played with the Baltimore Colts and Shaw says his addition means 'We ought to be able to put together a long passing game for the first time

Matched against the two 49er passers will be Cleveland s Otto Graham who turned in the second best passing in the league last year

In exhibitions the 49ers beat Washington 45 14 the Pittsburgh Steelers 24-7 the Chicago Packers 20-0 the Chicago Cards 37 17 They had the statistics on the Chicago Bears but lost 24 7

In its exhibitions the Browns have beaten the College All Stars 33-0 the New York Yanks 52-0 the Bears 32 21 and the Los Angeles Rams 7-6 They lost to Detroit 21 20

Lin Houston a veteran guard injured in exhibition play is a doubtful starter for Cleveland Just off the injury list but ready to go are Fullback Emerson Cole Halfback Rex Bumgardner and Tackle Chubby Grigg

Clashes Of Unbeaten To Trim Contenders For W.Va. Titles

By The Associated Press

Morgantown Elkins and Shinnston at-Clarksburg Washington Irving clashes of unbeaten untied teams next Friday will reduce further the list of early contenders for state Class A schoolboy football honors

Morgantown a tight 7-6 victor over East Fairmont will meet in Elkins an 26 6 conqueror of Buckhannon Shinnston unbeaten and untied a year ago rolled along by beating Lumberport 26 13 while Washington Irving edged Grafton 21 13

Parkersburg s defending A titlists barely able to get past Huntington East 7 6 will be at Philadelphia Saturday night for a meeting with once-downed eleven which last week upset Bellaire O 25-6

Friday night action produced two surprises in the Upper Panhandle as once tied Warwood upended a Follansbee team which had a perfect 1950 record 9 0 and New Martinsville spilled Moundsville 19 13

Gary and Big Creek of War the two far Southeastern powers steamed along easily toward an Oct 12 meeting with each other by swamping Bluefield 29-0 and Iaeger 32 0 respectively

Gary also owner of a perfect record a year ago will be at home to Mullens this week while Big Creek must go to Welch Gary handed Big Creek its only loss in 1950 Mullens lost to Pineville 13 6 last week while Welch won over Elkhorn, 14-0

Grantsville 3 0 on top of an all-victorious 1950 campaign after dumping Elizabeth will be at home to Spencer s 14 13 losers to Clendenin Weirton 2-0 in the wake of a 27 13 conquest of Toronto O will visit a Wellsburg eleven which bowed to Martins Ferry 27-13

Beckley 3 0) attempts to follow up a 25-0 whipping of Charleston with a road triumph at Princeton walloped by Oak Hill 27-6

Charleston s blanking by Beckley marked the first time since 1948 that the Mountain Lions had failed to score

Stonewall Jackson 2 0) which defeated Ashland Ky 47 20 will be at East Bank The latter rallied for four second half scores to beat Hinton 26 7 A fast moving Dunbar squad 3 0) impressive in stopping Sissonville 34 13 entertains St Albans 13 7 conquerors of Milton

Huntington Vinson s Class B co-champions—rated as perhaps the best in the state in their class—will be favored to mar handle Griffithsville after trimming Buffalo of Wayne 27 6 Back in Class A Point Pleasant 3 0 after stopping Gallipolis O , 7 6 will be at Barboursville

Kingwood and Terra Alta two Preston county Class B standouts take on Tunnelton and Rowlesburg respectively

Big 10 Coaches Let Out Familiar Cry For Material

CHICAGO, Sept 25 (AP)—With only four days to go before the Big Ten football season starts, most coaches have let out the familiar cry of needing more speed more experience, more depth of material etc

Such soundings off in the face of Saturday s opening games is only natural and in many cases justified

It is like a breath of fresh air to get an admission that a team shapes up pretty good The only new coach in the conference Ohio State s Woody Hayes arises to the occasion

'We ve swing from the swing wing to the T, but we have some mighty good boys and we re going to have a pretty good team ' said Hayes

In an Associated Press survey Big Ten coaches chose the Buckeyes as the best bet for the title They look upon Illinois and Wisconsin as a near deadlock for second place and figure Indiana and possibly Michigan for fourth

Minnesota is rated near the bottom of the heap But right now the Gophers coach Wes Fesler late of Ohio State seems to be preparing for a lot of fun

We ll win some games and we re going to have a lot of fun doing it he chirps We could use more speed in the line but we ve got better speed in the backfield '

Coach Ben Oosterbaan at Michigan says he needs a lot of things

They rate us way down ' he adds And the only reason they rate us at all is because we re Michigan That s a pretty good reason at that

Club To Hear Teacher

LISBON Sept 25 — Samuel Means new instructor of Vocal and Instrumental Music at the High School will discuss Negro music and sing several spirituals and work songs at the Kiwanis Club luncheon Thursday in the Methodist Church dining room Clyde Tschantz is program chairman

5 In Family Treated After Rabies Exposure

Five members of a Salineville district family have completed a series of anti rabies inoculations after exposure to their shepherd dog which died of rabies

Dog Warden L J Stark said the pet valued as a stock herder was owned by Leasure Tennant of Salineville R D 2 Late in August when the dog took sick an East Liverpool veterinarian suspected rabies and warned the Tennants to keep a careful check

The State Health Department examined the dog s head after death and confirmed it had rabies—the county s fifth case this year Two were foxes Four cases were in the Salineville district while one—a dog—was in the Damascus area

Doctors Doubt If Siamese Twins Can Be Separated

ROCK ISLAND, Ill , Sept 25 (AP)—It may be impossible to separate Rock Island s Siamese twins born Sept 16 joined at the tops of their skulls

Doctors studied X ray pictures of the tiny boys and said that an operation to sever the fibrous matter which connects the youngsters might be fatal to one or both of them

Further X rays will be made after injection of a dye solution into the babies' blood streams

The parents of the children Mr and Mrs Rovt Brodie, said today that if separation would result in death for either of the babies they would prefer not to permit the operation

The family s physician said both youngsters appear to be healthy The Brodies have three normal children

Relatively quiet since 1912, Mt. Katmai, Alaskan volcano, showed some activity in 1914, 1920, 1921, 1929, and 1931

Saddler 2-1 Choice Over Pep Wednesday

NEW YORK Sept 25 (AP)—Willie Pep can become the first boxer to wear the same crown three times if he defeats Featherweight Champion Sandy Saddler in their fourth title bout tomorrow night at the Polo Grounds

The crafty Hartford fighter held the championship from 1944 to Oct 29 1948 when Saddler scored a jolting upset by knocking Pep out in the fourth round at Madison Square Garden

Pep bounced back on Feb 1 1949 and outpointed Saddler in a 15 round bout at the Garden to regain the title

In their last match on Sept 8 1950 Saddler again dethroned wily Willie on an eight round TKO A shoulder injury forced Pep to quit although he was ahead in rounds on most scorecards

The 25 year old Saddler who lost his last fight to Paddy DeMarco on a split decision will rule a 2 to 1 favorite tomorrow night to whip Pep 29 winner of 164 fights against only three defeats, in their 15 round bout

Brigadier General Louis J Fortier (retired), former director of the theater intelligence division, Far East Command, talks to newsmen in Washington after testifying before the Senate anti-subversives committee that Ambassador-at-large Philip C Jessup in 1950 predicted U S recognition of Communist China in about two or three weeks' He also told the committee he 'felt that Jessup personally favored recognition of Red China

Enrollment Loss Of 250,000 Seen In U.S. Colleges

NEW YORK Sept 25 (AP—American colleges and universities confronted by serious financial problems have opened their new academic year with an enrollment loss of 250 000 students the New York Times said yesterday

The institutions will have 2 250 000 students this year—a 10 per cent drop from last year—the story said

This is the second consecutive year that the colleges have lost students, it went on

The story based on a Times survey of 100 representative colleges and universities and interviews with educational leaders, gave this picture

"Despite the drop the 1,850 colleges and universities have enrolled considerably more students than they expected to six months ago At that time college spokesmen feared they would lose up to 50 per cent of their male enrollment More students have been deferred from the draft than had been expected

"Though the enrollment drop has not been drastic the colleges are not 'out of the woods as yet Half of the independent liberal arts institutions report that they are operating on a deficit They say they are worse off financially than they were a year ago Many are worried'

Small Change Rationed To Some Eastern Banks

NEW YORK Sept 25 (AP—Rationing has hit the small change supply in the Second Federal Reserve District

The federal Reserve Bank of New York said yesterday it is restricting banks in the district—New York state 12 northern counties of New Jersey and Fairfield county in Connecticut—to 50 per cent of their 1950 requirements of pennies and nickels and 75 per cent of their 1950 use of quarters

A spokesman for the bank said the dime situation was not affected He noted that the bank receives large quantities of dimes from transit authorities in New York City and this permits a rapid turnover

He said that the shortage of coins apparently is nationwide

Bus Stolen, Returned; 'Whodunit?' Police Ask

WASHINGTON Sept 25 (AP—Police yesterday found the bus they were looking for But they would like to know who took the cumbersome thing on a 100-mile joyride

Police told this story

Donald Lawrence reported that a Calvert motor coach he was driving on a sight-seeing tour was stolen in downtown Washington Sunday night while it was momentarily empty

Five hours later it was found about a block from where it had been taken but the speedometer showed it had chugged off 100 miles

The 25 Baltimore passengers who had chartered the wayward vehicle had been returned home meanwhile in another bus

MacArthur May Head Pasadena Rose Parade

LOS ANGELES Sept 25 (P—General Douglas MacArthur may be grand marshal of Pasadena's famed rose parade New Year's Day

Tournament of Roses officials said only that the general is "under consideration" for the role They added that no official decision will be made before Dec 1

However the report followed closely on the announcement that the general and his family will spend the Christmas holidays here as the guest of hotel man Conrad Hilton

The general has been staying at Hilton's Waldorf-Astoria Hotel in New York since his return from Tokyo.

Dentist Displays Work In 22 Shining Jars

HAGERSTOWN, Md (UP)—Dr H R Eavey, 81-year-old dean of practicing dentists here has something to show for his six decades work

His office is lined with 22 jars containing every tooth he ever pulled—thousands of them

Eavey said he cleaned and bleached them for display because the sight of so many extracted teeth encouraged nervous patients

Deaths and Funerals

Illness Claims Woman At 89

Elizabeth Vandyne's Rites To Be Thursday

Mrs. Elizabeth Vandyne, 89, died Monday at 12:45 p. m. in her home on Ninth Ave., LaCroft, following a nine-week illness.

Mrs. Vandyne was born in New Cumberland and came to East Liverpool 51 years ago. She resided in LaCroft since 1910. She was a member of the Methodist Church.

She leaves two sons, Samuel W. Vandyne of Beaver Falls, and Donald Vandyne at home; a daughter, Mrs. Edna Wolfe of LaCroft, and nine grandchildren and six great-grandchildren.

Rites will be held Thursday at 3:30 p. m. in the Martin Funeral Home by Rev. Mary Thompson Estell and Rev. C. L. Gardner of the LaCroft Church of the Nazarene. Burial will be in Spring Grove Cemetery.

Avery G. Dawson

Services were to be held in the Stewart Funeral Home at Hookstown today for Avery G. Dawson, Hanover Township, (Pa.), farmer who died Saturday night in City Hospital.

Rev. Reed Bennett of the Wesleyan Methodist Church will officiate and burial will be in Mill Creek Hill Cemetery.

In addition to his widow, four daughters and three sons, Dawson leaves four brothers, Eurie Dawson of near Hookstown, Frank Dawson of Vanport, Fred Dawson of Georgetown, and Benjamin Dawson of Aliquippa.

Mrs. Ruth Miles

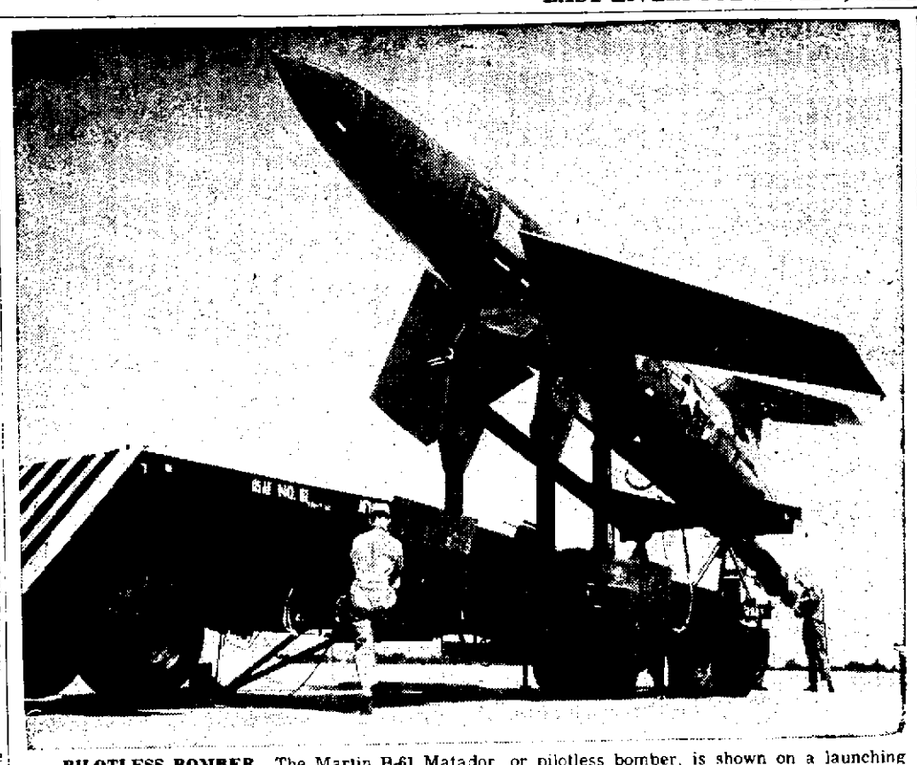
Mrs. Ruth E. Miles died Monday at 10:10 a. m. in her home, 723 Dewey Ave., following a nine-month illness. She was 43.

Mrs. Miles was born here and was a life-time resident. She was a member of the Second Christian Church.

She leaves two sons, John Miles and Richard A. Miles, and a daughter, Josephine L. Miles, all at home; two brothers, Daniel Whitney and Charles Whitney of East Liverpool, and four sisters, Mrs. Angeline Reese of Newell, and Mrs. Florence Goddard, Mrs. Margaret Bolton and Mrs. Sarah Caplinger of East Liverpool.

Rites will be held Thursday at 2 p. m. in the Martin Funeral Home by Rev. Albert McLain, pastor of the Second Presbyterian Church. Burial will be in Riverview Cemetery.

Friends may call Wednesday afternoon and night at the funeral home.



PILOTLESS BOMBER. The Martin B-61 Matador, or pilotless bomber, is shown on a launching ramp at the Air Force long-range proving ground at Cocoa, Fla. It is one of the newest U. S. weapo

Wayne Local To File $35,000 Bond Issue

The 27th special question and issue for the November election is expected to be certified to the County Election Board today.

Frank R. O'Hanlon, clerk, said the Wayne Local School District board Monday night approved submitting a $35,000 bond issue for an addition to the present building.

It would be liquidated in 22 years under a 3.4-mill levy, O'Hanlon added.

It would bring the total amount involved in bond issues to $4,285,000 and 46.4 mills in tax levies for county voters.

O'Hanlon said it is the largest amount ever presented to voters that he can recall.

Balances Scales

NASHUA, N. Y.—Former Nashua mayor Hugh Gregg, now in the Army, recently was granted a special leave to be one of three umpires in an aldermen's-policemen's baseball game. The aldermen invited Gregg, a former alderman, because they felt they would "get a break" since the other two umpires were the city's fire chief and police chief.

3 Akron Boys Return Home After River Trip Started Here

Three Akron boys just back from a 1,300-mile river trip that started in East Liverpool suspect song writers of glamorizing the Mississippi at the expense of the truth.

Said Karl Stevenson—one of the three 18-year-olds — "The songs about the Beautiful Mississippi don't describe how hard it is to travel on that river. We had to race full length trees and driftwood.

"When we saw the Mississippi, the Ohio River seemed beautiful and peaceful," he declared.

The trio launched their 14-foot, hand-made motorboat here in June, went down the Ohio River to Cairo, Ill., and then into the Mississippi, which they followed to 100 miles below Memphis, Tenn.

Flood water there made them give up the last 450 miles of their proposed trip to New Orleans.

Others on the trip were John Deemer and Alfred Acken. The three live in Tallmadge, near Akron. Stevenson's parents brought them home from Memphis, hauling the boat on a trailor.

They stopped overnight at yacht clubs at Mamphis, Cincinnati, Louisville and Evansville, Ind., in an abandoned houseboat at Ashland, Ky., and on sandbars.

Camping out on the banks of the rivers proved impractical—receding flood tides left mud a foot deep.

And they have trouble figuring how Huckleberry Finn made his raft trip. They found that river-stern-wheelers throw waves high enough to roll over the prow of their boat and stall the motor.

With the Akron trio back, the second of three river expeditions could be logged.

The two girls and two bachelors on the raft Lethargia are at Memphis, while a Kent trio—a couple and a girl companion—were last reported in the Mississippi heading for the gulf of Mexico and Cuba in a small, decked motorboat. The latter left in April.

Barkley Urges All To Preach 'Free Life'

CLEVELAND, Sept. 25 (AP)—Vice-president Alben W. Barkley wants the entire nation to start preaching "the gospel of democracy, freedom and self-government".

He told the annual convention of the Clover Farm Stores last night that all Americans should be "charged with the obligation of being missionaries of the free life".

"We have learned," he said, "that we cannot forever be prosperous or free if the rest of the world is prostrate and in slavery."

Barkley advised his audience to measure the cost of high taxes and controls with the sacrifices that might result from another world war.

Flag Given School Raised At Ceremonies

ROGERS, Sept. 25 (Special)—An American flag presented Rogers School by Mrs. John Rudibaugh was raised in brief ceremonies Monday morning.

Mrs. Rudibaugh has had three sons and a grandson in service. One, John Howard Walters, served in World War II and resides at Hopewell, Va. Wayne Walters served in Korea and was discharged and resides in Lisbon.

The third son, Private First Class Edwin Walters, wounded twice, is in Korea. The grandson, Gene Whitacre, is en route to Korea.

Victor May, principal, gave a brief talk during the ceremony, and pupils sang "America".

Asks Housing Funds

WASHINGTON, Sept. 25 (AP)—President Truman asked Congress yesterday to vote $101,840,000 to carry out the provisions of the defense housing act it recently approved.

2 Are Elected By Red Cross

Directors To Serve North Hancock Unit

Two new directors were appointed at the quarterly board meeting of the North Hancock County Red Cross Chapter Monday night at the Newell headquarters.

William F. Porter of Chester, superintendent of the Globe Brick Co. and veteran of World War II, was named vice-chairman for volunteer workers—a new post.

Dr. Joseph T. Noe, also a Chester veteran of War II and medical director of district potteries, is the other director. He has charge of the chapter blood program.

The chapter announced 40 more donors are needed to reach the quota of 180 pints of blood for a mobile blood bank visit at Chester Friday for the first time in the chapter's history.

Operated by the Pittsburgh Red Cross Chapter, the mobile unit will be at the Chester American Legion Home on Carolina Ave. from 11 a. m. to 5 p. m.

Mrs. Ruth Sprouse, executive secretary, said many more persons are needed to make up for any rejections. Persons residing outside the chapter's area may register as donors. Registrations may be made by calling Newell 3116, she said.

Alton C. West, chapter chairman, presided.

Soviets Will Turn 3 Rivers South In Irrigation Project

MOSCOW, Sept. 25 (AP) — A Soviet scientist writing in a major Russian scientific publication describes how three rivers now flowing north into the Arctic Ocean will be turned southward in a huge power and desert irrigation project.

A. V. Vinter, a member of the Soviet Academy of Sciences, also predicted that atomic energy will be used to build canals, tunnels and dams to produce cheap atomic electric power.

He also called Soviet scientists to harness the immense power of cosmic rays.

The hydroelectric plan first was described early in 1949 in a Soviet youth magazine.

It calls for turning the Siberian rivers, the Ob, the Yenisei and the Lena, southward, pouring them into an artificial lake in central Siberia nearly as large as the Caspian Sea and then distributing the water in irrigation canals over the north Kazakh desert.

The waters finally would flow into the Caspian and Aral seas.

It was said that the size of the dams, power stations and canals involved never has been achieved before in the world.

State Group Re-hears 4 Compensation Cases

The Re-hearing Section of the Ohio Industrial Commission took testimony in four cases today, involving three East Liverpool residents and a Clarington woman, at City Hall.

The hearings were held in the Council chambers before H. C. Cheney of Columbus, attorney-examiner serving as referee.

Harris F. Jacobs of Cincinnatti, assistant attorney-general, was counsel for the commission while Forest MacDonald and Carl MacDonald of Columbus, and Thomas F. Joseph of Martins Ferry represented the claimants.

The testimony was being taken to present to the commission, which had disallowed the claims. If the claims are refused again, the cases may go to court.

POP FOR FARM. Guarding a bottle of strawberry pop made before the turn of the century is George Willis, 64, who makes his home at Joplin, Mo., with relatives. By a strange clause in the will of his grandfather, the late James O'Connor, Willis will inherit a Kansas farm on his 65th birthday next February if he can produce the bottle of pop in court. It is the last of a case of 24 bottles O'Connor bought Willis on his fifth birthday. Willis drank many of the bottles and just recently two were broken. The clause is unexplained.

Casting Club's Team Victor At Pittsburgh Event

The Tri-State Casting Club retained its ranking as one of the topnotch teams of the country Sunday when it captured the Pittsburgh Casting tournament.

They added that championship to three others already won this season, and increased their titles to four out of five for 1951.

The local five-man team previously snared championships at Harrisburg, Hagerstown, and Charleroi. Its only setback came at Washington in the national event.

The club also has won more than its share of individual honors. In Sunday's victory, Thayer Allison, a senior at East Liverpool High School, walked off with the all-around individual trophy when he posted a score of 382 points out of a possible 400 in the four accuracy events. Eight other individual awards were snared by local casters.

Tri-State Club competitors at Pittsburgh were Howard Adrian, Del Tittle, Damon Smith, Thomas Enochs, William Grimm, Henry Cain, James Lovett, Joseph Weston and Allison.

Auxiliary To Meet

The auxiliary of Wellsville Eagles Aerie 772 will meet Wednesday night at 8 at the Eagles Home with Mrs. Eva Walker, madam president, in charge. A jitney supper will follow.

Dies In Texas Chair

HUNTSVILLE, Tex., Sept. 25 (AP)—Steve Mitchell, 47, who was awarded the $40,000 estate of the wife he murdered, was electrocuted early today at the Texas prison.
